When you see the Nalgene name, the quality is guaranteed. Leak-proof, durable and dependable, every Nalgene manufactured product is subject to stringent quality assurance procedures.

NALGENE

Bottles & Containers

MultiDrink (Tritan)

The 20-oz. MultiDrink allows a choice between drinking from a pivoting straw mechanism or a narrow-mouth loop-top opening, sip or gulp!

Available in clear, blue, grey, purple, red or green. Style 1790

Straight Sided Jars (Polypropylene)

Attractive canister-style jars for a cabin or campsite. Great for cereal, crackers, pasta, etc. The 1-oz. size is perfect for lotions and ointments. The 16-oz. and 32-oz. sizes are not recommended for liquid storage on the trail.

Available in 1-oz., 2-oz., 4-oz., 8-oz., 16-oz. and 32-oz. sizes. Style 2118

Narrow Mouth Round Bottles (HDPE)

Sturdy, all purpose containers. The large sizes are great for beverages, cooking oils, etc. The smaller sizes are ideal for spices, sauces and seasonings.

Available in 1/4-oz., 1/2-oz., 1-oz., 2-oz., 4-oz., 8-oz., 16-oz. and 32-oz. sizes. Styles 2002 and 2089

Wide Mouth Rectangular (HDPE)

Squeeze more of these space-saving bottles into a backpack or cooler. Ideal for powders such as drink mixes, powdered eggs and pancake mixes. The wide mouth allows for easy filling and pouring of contents.

Available in 4-oz., 8-oz., 16-oz., 32-oz. and 64-oz. sizes. Styles 2007 and 9900

Wide Mouth Round or Square (HDPE)

These leak-proof bottles are convenient for almost anything from soups to milk. The smaller sizes are ideal for liquid soaps, tablets and shampoo.

Available in 1-oz., 2-oz., 4-oz., 8-oz., 16-oz., 32-oz., 1/2-gallon and 1-gallon sizes. Styles 2104, 2114, 2120 and 2123

On the Fly (Tritan)

The 24-oz. OTF has a new loop-top, leak-proof lid that swings open wide to reveal a contoured, high-flow drinking spout. A one-handed push button opens the bottle for easy drinking on the fly! A locking bail keeps the lid closed when not in use. Fits standard cup holders.

Available in clear, blue, green or red. Style 5565

Bottles & Containers

NALGENE

Wide Mouth Loop Top Bottles (HDPE and Tritan)

Indisputably the best-selling bottles in the Nalgene line. Permanent graduations make for easy measuring. Convenient wide mouth for easy filling. The loop top allows for easy attachment to packs. Fits onto most water filters.

HDPE available in 16-oz., 32-oz. and 48-oz. sizes in white, Style 2179; and 32-oz. size in red, orange and green, Style 2007 and 2179. Tritan available in 16-oz. size in grey, slate blue, pink, orange, spring green, clear and purple. Tritan 16-oz. transluents available in berry, lilac, sky, key lime and frost. Tritan 32-oz. size in grey, red, slate blue, spring green, pink, clear, purple and orange. Tritan 32-oz. transluents available in berry, lilac, sky, key lime and frost. Tritan 48-oz. size available in grey and blue. Style 2178

Narrow Mouth Loop Top (HDPE and Tritan)

One of Nalgene's most popular drinking bottles! Great for liquids. The easy-to-open attached cap won't get lost. The loop on the cap allows the user to easily attach these bottles to a pack or belt.

Available in 16-oz. and 32-oz. sizes. Styles 2078 and 2079. Tritan 16-oz. bottles available in grey, slate blue, pink and purple. Tritan 16-oz. transluents available in berry, lilac, sky, key lime and frost. Tritan 32-oz. bottles available in grey, slate blue, pink, clear and orange. Tritan 32-oz. transluents available in berry, lilac, sky, key lime and frost.

Grip-n-Gulp Kid's Bottle (Tritan and UVPE)

Features include easy-grip side indents and a rubberized lid with smooth plastic mouthpiece. 63-mm wide opening.

Available in blue, green, pink, purple in Tritan; and slime green UVPE. Replacement valves are available (package of 2). Style 2182

N-Gen

This bottle has a 53-mm opening, putting it right between the current wide-mouth and narrow-mouth sizes. The cap features a moulded-in loop, providing a convenient spot for a clip or a nice finger loop for simple, comfortable carrying.

Available in Tritan 24-oz. size in orange, blue or pink. Style 2190

Oasis

Remember the old metal canteen? Well it's been modernized for today's world.

Available in Tritan 32-oz. size in blue, red or grey. Style 1777

Replacement Caps

Replacement caps are available for most sizes of Nalgene bottles.

Flexible Drop Dispensers

Handy dispensers for adding spices, rinsing lenses or priming stoves. The attached cap is easy to open and won't get lost.

Available in 1/2-oz., 1-oz. and 2-oz. sizes. Style 2411

Custom Label Nalgene Bottles

Add your logo to a Nalgene bottle! The customized bottles are ideal promotional items for corporations, schools and teams. They also make great giveaways at special events!

Styles 1790, 2078, 2079, 2178, 2179, 2590, 2590, 2591, 5565

Travel Kits

Conveniently store your essentials in these assorted bottles and jars. Different coloured caps allow for easy identification of the contents.

Available in small and medium sizes. Travel Kit styles 9940 and 9941. Replacement Caps style 2570-0001

ATB Bottles (LDPE)

The ATB bottle has a hinged mud cap to keep the drinking spout clean. A wide neck opening allows easy filling with liquids or ice cubes. Fits standard bicycle cages.

Available in natural (clear), pink, blue and yellow in a 22-oz. size. Style 2590

ATB2 (LDPE)

The same features as the ATB bottle but with a 32-oz. capacity.

Available in natural colour. Style 2591

Flask

Slim polyethylene flask with graduations holds up to 354 mL of liquid. Flask fits snugly into durable sleeve, offering additional insulation and protection. The removable shot cap snaps on/off of closure cap for handy shot measuring.

Available in red or blue. Style 2181

Easy Sipper

Most people love the convenience of the wide-mouth bottle when it comes to filling and cleaning but sometimes find it hard to drink from. The Easy Sipper solves that problem. It fits snugly into the neck of the bottle and your beverage flows out in a nice controlled stream. It's easy to pop the Easy Sipper out to clean or fill your bottle.

Available in white, red, blue, black, yellow and pink. Styles 2575 and 2005

On the Go (Tritan)

The 24-oz. OTG is perfect for anywhere you go. It's the ultimate in mobile hydration. The OTG is a Tritan bottle that will fit in your bike cage, most car cup holders, and will even fit into cup holders on most exercise machines. You can flip the top open with one hand for easy drinking, on the go.

Available in slate blue, red or green. Style 2590

Multi Purpose Vial Kit

Assorted sizes of compact, break-resistant containers. Perfect for reliable storage of small essentials such as pills, matches, etc. Not recommended for liquids.

Style 9942-0001

Bottles & Containers Hydration Accessories

NALGENE

Hydration Bladders

Manufactured with pharmaceutical grade CXC film, which means zero residual taste or smell. A one-piece seamless tubular design means less chance of leakage or tearing. Features a quick connect hose assembly for easy-on, easy-off when swapping out components or filling bladder. PE kink-resistant tubing with the antimicrobial formula, Aquaguard™. An articulated Bite Me™ valve with magnetic clip is included. The 63-mm BigBore™ Cap has the same threads as Nalgene 32-oz. wide-mouth bottles.

Available in 2-L and 3-L sizes. Style 2351

Cantenes

Wide-mouth Cantenes allow for easy use and storage of critical provisions. Made with multi-layer film, the Cantenes are collapsible and flexible. All Nalgene Cantenes are dishwasher-safe (top rack only) and can withstand temperatures from -29 °C to 104 °C. Guaranteed leak-proof ultra flexible containers with gusseted bottoms.

Available in 32-oz., 48-oz. and 96-oz. sizes. Styles 2575 and 2595

Bottle Carriers

Sturdy bottle holders to keep your Nalgene bottle handy.

- A. 32-oz. Bottle Carrier neoprene sleeve with D-ring, Style 2355-0009
- B. 32-oz. Bottle Carrier with hand strap and zippered pocket, Style 2355-0011
- C. 32-oz. Bottle Carrier with zippered top, Style 2355-0012
- D. 32-oz. Bottle Carrier neoprene sleeve with drawstring, Style 2355-0013

Cleaning Tablets

These hydration system and bottle cleaning tablets have an effervescent formula to clean and freshen your Nalgene outdoor products. Regular cleaning retards bacterial growth, stains and odours. Twelve tablets per pack.

Style 2353-0011

Guyot Designs is dedicated to introducing unique, useful, delightful and surprising products to the outdoor industry.

GUYOT DESIGNS

**Kitchen, Bottle and
Pet Accessories**

Original Splashguard

The Original Splashguard is a dishwasher-safe plastic insert that fits flush with most 12-oz., 32-oz. and 48-oz. wide-mouth Nalgene bottles. The opening size guarantees splash-free drinking.

Available in black and red.

The Utensils

Lightweight camp kitchen utensils manufactured with high temperature nylon polymer (230 °C melting point). Functions as a spoon, fork, knife, spatula and spreader in two pieces. Safe on coated pot surfaces.

*Available in assorted colours.
Weight 40 g*

Microbites

A fun 'micro' version of the popular utensil set. A 5-in-1 utility—spoon, fork, knife, spatula and spreader. This set can withstand up to 232 °C. Only 15.24 cm long!

Available in assorted colours. Weight 24 g

Red Pine Outdoor Feature Product

Squishy Bowl and Cup Set

Collapsible space-saving silicone bowls and cups made for easy packing. They pop right back into shape—ready for dinner or a quick snack. They are perfect for hot and cold foods. Made of flexible food grade silicone. Temperature resistant to 204 °C.

Available in lime, slate, tomato, blue and tangerine.

Cup weight 48 g / Capacity 200 mL, Bowl weight 93 g / Capacity 500 mL

guyotdesigns™

Squishy Pet Bowl

Perfect for pets on the trail. Put a bowl in your pocket and off you go. The Squishy Pet Bowl will pop open for a quick drink or a bit of kibble on the trail.

*Available in blue, lime and tangerine.
Weight 124 g / Diameter 160 mm /
Height 68 mm / Capacity 1 L*

Universal Splashguard

The Universal fits most types of 32-oz. wide-mouth bottles on the market. Made of soft, food grade silicone rubber, the Universal will not hold odours or tastes and can be sterilized in boiling water. The Mini fits 53-mm bottle openings.

Available in peppermint pink, yellow smiley face, black, alien grey, hibiscus, clean air translucent and lime translucent. The Mini is available in blue.

Containers and Bottle
Accessories

HUMAN GEAR

GoToob

The civilized liquid transport tubes for travel and the great outdoors. A soft, inverted design permits fast, easy dispensing with a 'no-drip' silicone valve, which keeps the cap clean. The 2-oz. size has an integrated suction cup, which makes it great for shampoos or conditioners in the shower. 100% BPA-Free—100% PC-Free. Carry-on approved.

Available in clear, blue, lime and hot pink. 37-mL small, 55-mL medium and 88-mL large singles or in 3-packs of small, medium and large.

capCAP

The new 2-in-1 cap for Nalgene, CamelBak and other wide-mouth bottles. The two-part capCAP lets you drink through the small spout without spilling. Easily fill and clean the bottle through the wide-mouth opening. The small cap is rubberized, which makes it easy to grip. 100% BPA Free—100% PC-Free.

Available in green/grey.

Smart gear for pets and their humans.

PAWW

Pet Accessories

Pick Pocket Pouch

Introducing the ultimate accessory for rope or webbing leashes. The Pick pocket pouch puts a bag holder/dispenser on any leash. Dual attachment points help the pouch to stay in place. Fits rope up to 19 mm and webbing up to 32 mm in size.

Available in assorted colours.

Secret Agent Collar

If James Bond had a dog, this would be his dog's collar! With your best friend in mind, the collar is made with soft yet compliant nylon, contoured buckles and breathable mesh. The Secret Agent has an onboard mini pocket for ID Tags or emergency bags.

Available in assorted colours. Sizes medium (30–40 cm) and large (40–60 cm).

ThrowBowl

Paww wanted a bowl that was splash resistant, high capacity and super packable, but that wasn't enough! They made it convertible to a fantastic flying disk!! Made from their exclusive k9Flex elastomer (FDA food-safe), ThrowBowl is durable yet soft.

Available in assorted colours. Size 22-cm diameter, 1.4 L volume

TreatToob

TreatToob is a completely new kind of treat dispenser. The challenge with high-value treats like peanut butter and pureed food is that there is no easy way to take them on the go. TreatToob changes that. Unscrew the cap and fill it with your dog's favourite food. Just squeeze to dispense a treat. Particularly great for training.

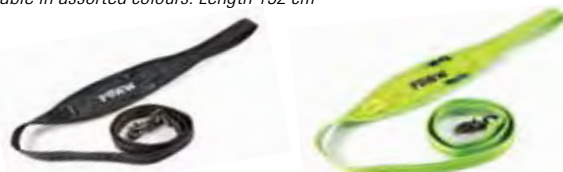

Available in assorted colours. Volume 88 mL

Pick Pocket Leash

The Pick Pocket leash redefines what a leash can do. It features an integrated pick-up bag holder and dispenser so you are always ready when nature calls your pooch. A separate storage pocket holds other essentials, and webbing loops on the front and back allow you to clip a light or biner. Constructed of durable ripstop nylon, nylon webbing and polyester mesh. This may very well be the last leash you need to buy.

Available in assorted colours. Length 152 cm

Hydration Tablets Water Treatment

NUUN – PRISTINE – AQUATABS

nuun HYDRATION TABLETS

nuun is sugar-free, light tasting, and hydration pack and bottle friendly. Perfect for all your adventures! Each lightweight tube holds 12 tablets.

Portable nuun hydration tablets

These handy tablets allow outdoor enthusiasts to easily and conveniently manage hydration whenever and wherever they need it. nuun is light and refreshing, sugar-free and non sticky. Great in hydration packs or bottles. nuun is just electrolytes—it is not a source of sugar or carbs, which allows adventurers to independently manage energy needs with their favourite choice, be it bars, gels, bananas or brownies. nuun solves hydration so you can enjoy the day!

Each lightweight, 56-g tube holds 12 tablets. Tubes come in eleven flavours (lemon+lime, orange, citrus fruit, tri-berry, banana, kona cola, fruit punch, tropical, lemon tea, grape and strawberry lemonade. (kona cola and lemon tea have some caffeine).

PRISTINE

Safe drinking water anywhere in the world in just 15 minutes! Perfect for hiking, camping, boating and disaster preparedness.

Pristine Water Purification System

Water treatment that is completely safe to drink on a regular, daily basis when used as directed. When Pristine parts A and B are combined, chlorine dioxide is activated and releases oxygen in a highly active form to effectively kill bacteria and enhance the taste of water. Chlorine dioxide has been used in city water treatment plants safely for over 50 years. One 30-mL Pristine personal pack will treat up to 120 L of water. A 60-mL pack treats up to 240 L. Pristine kills viruses, bacteria, cryptosporidium, *Giardia*, botulism and *E. coli*.

AQUATABS

Aquatabs

These water purification tablets come packaged in a very lightweight, travel-friendly format. Weighing just 16 g, this box of 50 tablets can purify up to 50 L of water. An information pamphlet and a dosage chart are also included. Iodine-free and with no unpleasant taste or colour, these tablets contain a measured dose of Sodium Dichloroisocyanurate (NaDCC). When added to water, Aquatabs dissolve to release hypochlorous acid (free available chlorine)—a universally recognized safe and effective water disinfectant. Also available in extra strength tablets that can purify 20 L of water, 30 per package.

ULTIMATE SURVIVAL TECHNOLOGIES

Survival Equipment

BlastMatch Fire Starter

Everyone who goes outside should have a fire starter. The heart of the BlastMatch is a custom bar of high performance flint material. Spring loaded for compactness, the flint bar also rotates 360 degrees to help prevent uneven wear and tear. A tungsten carbide striker built into the striker button is set at the perfect angle for maximum sparking—taking the guess work out of starting a fire.

Weight 76.6 g / Length 10.2 cm closed

StarFlash® Signal Mirror

An excellent daytime means of visual signalling. Even on overcast days, this signal mirror can be used effectively to obtain rescue. StarFlash technology enables you to aim the flash as far as the eye can see with pinpoint accuracy.

UST is a manufacturer of proprietary survival, rescue, life-support and disaster preparedness equipment.

Red Pine Outdoor Feature Product

Sparkie

Easy one-handed operation in a lightweight, compact design! Built on the premise of the original BlastMatch, Sparkie will spark even in the most adverse weather. The compact body has a rubberized grip wrap for maximum control and comfort during use.

Weight 24 g

WetFire™ Tinder

The best fire-starting tinder material available anywhere in the world. It is individually packaged in a lightweight solid cube form that can't leak or foul up your other gear. The cubes burn without smoke and can be started even in high winds and nasty weather. In fact, the tinder burns while floating in water and burns longer when wet.

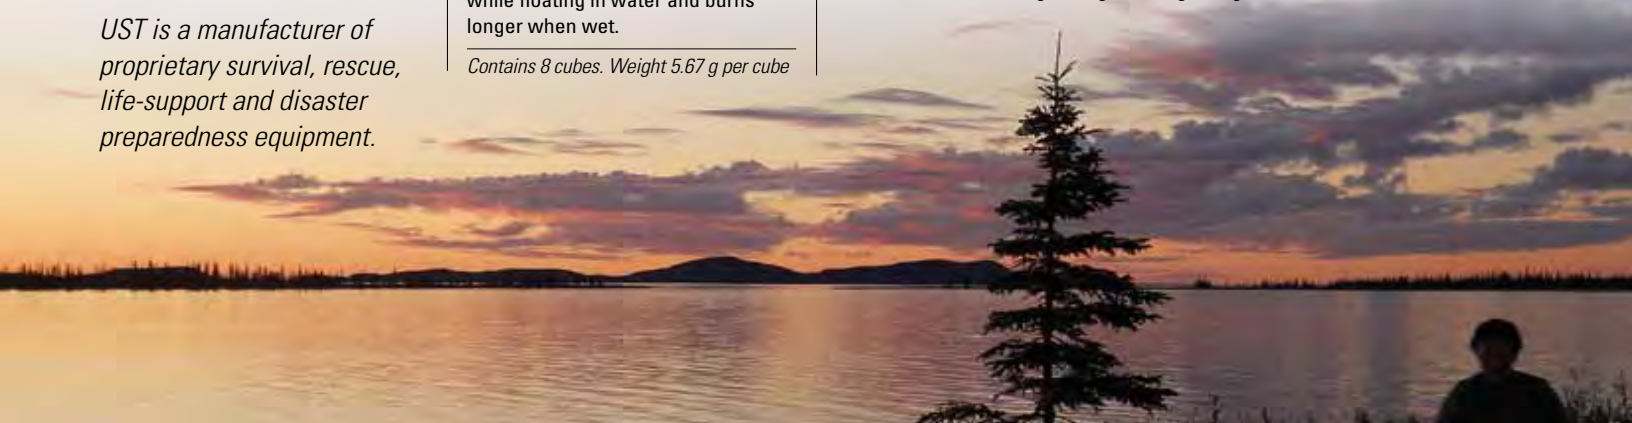

Contains 8 cubes. Weight 5.67 g per cube

StrikeForce Fire Starter

The patented StrikeForce is an exceptional all-weather fire starting system. The system combines in one compact, durable package a special alloy flint bar, hardened steel striker, and revolutionary WetFire tinder. Scraping the striker down the flint generates a spark three times as hot as a standard match to easily ignite any dry tinder material. Or, use the included WetFire tinder, which burns at more than 700 °C. Non-toxic, odourless, and smokeless, the tinder actually burns longer when wet!

Available in black or orange. Weight 104.9 g / Length 12.7 cm

Base Survival Kit

This survival kit includes a Sparkie, WetFire Tinder, StarFlash Signal Mirror and a JetScream Emergency Whistle all in a storage bag that is water-proof to 60 m.

Weight 68.04 g

Deluxe Survival Kit

This kit includes a BlastMatch fire starter, WetFire Tinder, StarFlash Signal Mirror, SaberCut Saw and a JetScream Emergency Whistle. All the tools come in a very sturdy hard plastic case with a sturdy seal. The kit also floats.

Weight 454 g

WetFire™ Stove

An ultralight, titanium all-purpose stove that weighs less than 15 g. One cube of WetFire tinder placed on the stove platform will boil a cup of water in 5 to 6 minutes! Tinder included.

Weight 13.04 g

SaberCut™ Saw

A lightweight, strong, versatile and low-profile hand saw that is ideal for the survivor but easy to use by anyone. The SaberCut is designed to cut through the hardest wood and is so flexible that it will work well in tight or confined spaces. Fits on a belt or pack strap.

Weight 170 g including sheath

Trekker Stormproof Lighter

The Trekker has an extra large fuel tank that allows for over 1000 ignitions on a single fill. The piezo-electric ignition system eliminates the need for batteries or flints, which can fail when wet. A catalyser coil provides ultimate windproof flame. Water resistant O-ring seals keep water out when lighter cap is closed.

Weight 71 g

Delta Shockproof Lighter

By adding a tough elastomer armor, the Delta Shockproof series has all the stormproof qualities you expect plus incredible impact resistance. The Delta lighter features a stainless steel wire closure to stay watertight even if dropped. The piezo-electric ignition system eliminates need for batteries or flints, which can fail when wet. A catalyser coil provides ultimate windproof flame. Water resistant O-ring seals keep water out when lighter cap is closed.

Weight 57 g

Using the best stainless steel, ingenious design and rigorous tolerances, the Leatherman Tool Company backs its products with a 25-year guarantee!

LEATHERMAN

Tools

Squirt PS4

A compact tool that contains needle-nose pliers and scissors! Includes a 420HC clip-point knife, spring-action needle-nose pliers, regular pliers, wire cutters, scissors, two screwdrivers, a file and a bottle opener.

Weight 56.4 g / Length 5.72 cm closed

Squirt ES4

A little electrician in your pocket! This compact tool has five different wire strippers, wire cutters, a 420HC clip-point knife, spring-action needle-nose pliers, scissors, two screwdrivers, a file and a bottle opener.

Weight 56.4 g / Length 5.72 cm closed

Juice S2

Comes with distinctive flame-orange anodized handles. The S2 has many of the cool features of the C2 with the addition of specially serrated scissors.

Weight 125 g / Length 8.25 cm closed

Style CS

Stylish and unique, it fits easily into a pocket! Also clips onto a pack or bag. The Style CS features spring action scissors, a 420HC knife, nail file, screwdriver, carabiner bottle opener and tweezers. It has a stainless steel body and glass-filled nylon handle scales.

Weight 41.1 g / Length 4.94 cm closed

Style

No bigger than your house keys and weighs even less, the Style features a 420HC knife, scissors, nail file, screwdriver and tweezers. Made with a stainless steel body and hard-anodized aluminum handle scales.

Weight 23.1 g / Length 5.94 cm closed

Micra

The stainless steel Micra has 10 useful tools including spring-action scissors, a knife, screwdrivers, tweezers and a file.

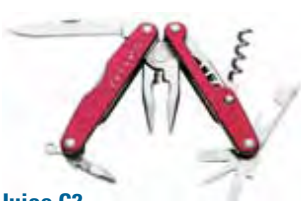

Weight 51 g / Length 6.5 cm closed

Freestyle

Perfect for the outdoors person who wants a multi-tool but doesn't need extra bulk or bells and whistles. The Freestyle has a stainless steel body with an out-side-accessible, one-handed opening, 420HC stainless steel clip-point knife with locking blade, needle-nose pliers, regular pliers, wire cutters and hard-wire cutters.

Weight 127.57 g / Length 8.76 cm closed

Juice C2

A handy little devil with red anodized aluminum handles. The C2 is well equipped with pliers, wire cutters, four screwdrivers, corkscrew and a can/bottle opener.

Weight 122 g / Length 8.25 cm closed

Juice CS4

The CS4 has pliers, wire cutters and four screwdrivers, as well as a convenient saw and awl. Extremely useful scissors are easily accessed, along with a handy corkscrew.

Weight 156 g / Length 8.25 cm closed

Juice XE6

With a slightly thicker chassis than the CS4, the XE6 has grey anodized aluminum handle scales. Includes needle-nose pliers, a straight-edged knife, wire cutters, four screwdrivers, a lanyard attachment, a can/bottle opener, a corkscrew, scissors, a saw, an awl and a diamond-coated file.

Weight 190 g / Length 8.25 cm closed

Knives and Tools

LEATHERMAN

Sidekick

This handy pocket-sized tool has all the features you need to get your project done, at a fraction of the cost. The handy, outside-accessible blades mean you can open the knife with just one hand and rounded handles make getting a grip around their all-new, spring-action jaws easy and very comfortable. Stainless steel and backed by a 25-year warranty!

Weight 198.4 g / Length 9.7 cm closed

Wingman

A lightweight, pocket-sized, stainless steel tool, the Wingman has an outside-accessible, one-hand opening blade and newly-designed spring-action jaws. Other great features include a 420HC combo knife, package opener, a wood/metal file, ruler (1 inch), small screwdriver, medium screwdriver, Phillips screwdriver, bottle opener, can opener, wire stripper, scissors and a removable pocket clip.

Weight 198.4 g / Length 9.7 cm close

Crunch

The Crunch is made for the most demanding consumer. It features locking pliers, locking interior blades that unlock at the push of a button, a 1/4-in. hex bit adaptor at the end of one handle, a wood/metal file, four screwdrivers and a bottle opener. All this in a tool that folds down to the same length as the Skeletool. A sheath is included.

Weight 196 g / Length 10 cm closed

Skeletool

The key features of this multi-tool are its minimal weight, compact size and 420HC stainless steel blade. Specifications include: 6061-T6 aluminum handle scale, needle-nose pliers, regular pliers, wire cutters, hard-wire cutters, bit driver, carabiner/bottle opener and removable pocket clip. Included bits are the Phillips #1 and #2, and screwdriver 3/16-in. and 1/4-in. A sheath is included.

Weight 142 g / Length 10 cm

Skeletool CX

All the features of the regular Skeletool, but with a 154CM stainless steel blade, a tungsten DLC scratch-resistant coating and a carbon-fibre handle insert. A sheath is included.

Weight 142 g / Length 10 cm

Charge AL

The Charge AL handles with hard anodized aluminum scales have rounded edges for grip comfort. It includes needle-nose pliers, wire stripper, bottle/can opener, saw, serrated knife, fixed lanyard ring, wire cutters, scissors, bit drivers, eight double-ended bits, removable pocket clip, a quick-release lanyard ring, a diamond-coated file and a 154CM clip-point knife. A sheath is included.

Weight 235 g / Length 10 cm closed

Charge ALX

The Charge ALX has an aggressive cutting hook on the back of a serrated blade. It has an unbeatable ergonomic grip, outside-accessible blades and premium materials. It includes the same great features as the Charge AL except the scissors, but also has a cap crimper. A sheath is included.

Weight 235 g / Length 10 cm closed

Charge TTI

The Charge TTI has all the features of the AL and the ALX—cutting hook and scissors, outside-accessible blades, bit drivers, crimper and more. The handles have comfort-sculpted titanium scales and the tool features a S30V stainless steel clip-point knife. A sheath is included.

Weight 232 g / Length 10 cm closed

MUT

The first multi-tool that functions as both a tactical and a practical tool for military, law enforcement or civilians. Needle-nose pliers, regular pliers, 154CM replaceable wire cutters, 154CM replaceable hard-wire cutters, stranded wire cutters, 420HC combo knife, saw, hammer, replaceable cutting hook, bolt override tool, replaceable firearm disassembly punch, replaceable bronze carbon scraper, cleaning rod/brush adapter, carabiner/bottle opener, bit driver, removable pocket clip, 1/2-in. and 3/8-in. wrench accessory. A sheath is included.

Weight 317.5 g / Length 12.7 cm closed

MUT EOD

When you're under pressure, the last thing you need to be worried about is having the right tools on you at the right time. From cap crimpers, a beefy field blade, and fuse-wire cutters, to a carbon scraper, bolt override tool and a replaceable C4 punch, the Leatherman MUT EOD has everything you need in an easy-access configuration for your specialized line of work. Accomplish your mission, maintain your field gear and lighten up your kit. All in a day's work. A sheath is included.

Weight 317.5 g / Length 12.7 cm closed

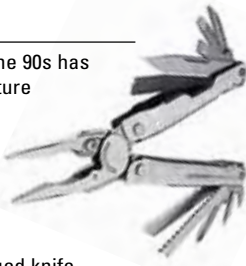

LEATHERMAN – LED LENSER

Knives, Tools and Lights

Supertool 300

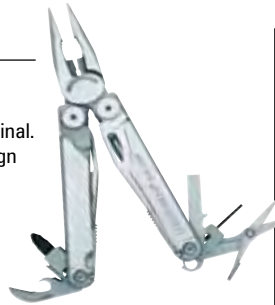

The favourite tool of the 90s has been upgraded to feature all locking blades and tools with comfort sculpted handles. The Supertool 300 has removable wire cutters, a 420HC clip-point straight-edged knife and a 420HC sheep's foot serrated knife, needle-nose pliers, regular pliers, wire stripper, electrical crimper, three screwdrivers, file, saw, bottle opener, can opener and an awl. A sheath is included.

Weight 273 g / Length 11.5 cm closed

Wave

The Wave offers four locking blades, 50% stronger than the original. It has a new jaw design and pliers with 133% more squeezing load. The two knife blades feature one-hand opening access, plus two additional locking tools, seven more interior tool blades and the best handle comfort Leatherman has ever produced. Sheath included. A kit is available to expand your bit collection.

Weight 241 g / Length 10 cm closed

Surge

The first tool from Leatherman that has a blade exchanger. It also features outside access blades, a serrated edge knife, a clip-point knife, an awl, bit drivers and two double-ended bits, a file, needle-nose pliers, regular wire, stranded wire and hard wire cutters, electrical crimpers, a wire stripper, a can/bottle opener and a saw, complete with a sheath.

Weight 355 g / Length 11.5 cm closed

LED LENSER

LED Lenser lights are not only extremely bright, but also feature the technology to power long run times and beam distances without compromising size, weight, or usage of common battery styles. Attention to design detail and industry-leading warranty are second-to-none.

K3

Weighing a mere 1.2 ounces and measuring less than three inches in length, this light may be small, but don't let the size fool you. The K3 features the Blue Moon Focus System, which casts a mellow blue circle around a homogenous light cone. Perfect for walking around camp at night.

Weight 34 g / Length 6.8 cm
Max lumens 15 / Max run time 1 hour

P3

The P3 is small, lightweight, and has a handy clip. It requires only one AAA battery for hours of light. But in addition to these features, the P3 has the Rapid Focus System, which allows you to transition from a circular low-beam to a focused long-distance beam, quickly with just one hand.

Weight 42 g / Length 9.45 cm
Max lumens 15 / Max run time 8.5 hours

P6

Slim, innovative and easy to use. When engineering this light, their aim was to enable you to focus its beam with only one hand. The LED Lenser P6 is powered with two AA batteries and will captivate you with its ultra-white, super-bright light and surprisingly lightweight construction.

Weight 122 g / Length 16.7 cm
Max lumens 120 / Max run time 7 hours

H5

The LED Lenser H5 features special optics that not only focus the light to form a super-bright, long-distance beam, but they also generate an easy-to-read-by, circular low beam. In fact, it's the only headlamp on the market to offer this focusing technology. Lightweight with a soft headband, means wearing it for long periods of time is still comfortable and a red backlight makes it ideal for campers and backpackers. 3 AAA batteries included.

Weight 116 g / Max lumens 25
Max run time 21 hours

P5R

The P5R uses a floating charge system (included) to recharge on the go. The system can be used with a USB port or a standard wall plug-in. The P5R has a light output of up to 200 lumens and can be recharged up to 1000 times (using one lithium ion battery) making it not only powerful, but economical as well. Ounce for ounce, it's the most powerful LED light on the market. Note: Only LED Lenser brand batteries can be used with this light.

Weight 80 g / Length 11.75 cm
Max lumens 225 / Max run time 9 hours

M7R

The M7R proves high performance and environmental sustainability are not mutually exclusive. The focus quality, ability to engage Focus Lock, illumination power, and optimized ergonomics of the M7R have yet to meet their match. A floating charge system (included) enables you to store the light in the charging system with a simple magnetic touch and no memory effect. You can also charge off your USB port, or regular wall plug.

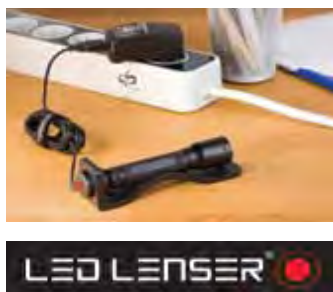

Weight 206 g / Length 15.6 cm
Max lumens 210 / Max run time 20 hours

H7

The pros are thrilled. With the H7, they get the lightweight, easy-to-wear feeling of the H5 but with six-times the lumens. The Advanced Focus System adjusts for either long-distance light or a circular low beam, making outdoor activities more comfortable and safer. The light's stage-less dimming function and swivelling light design are very handy. 3 AAA batteries included.

Weight 117 g / Max lumens 155
Max run time 63 hours

Knives

SPYDERCO

Since the early '80s, Spyderco has been making knives specifically to meet the needs of outdoor, fire, rescue, EMT, paramedic and law enforcement professionals.

Flight

The stainless-steel handled Flight has a hollow-ground blade manufactured using 8Cr13MoV stainless steel, which contains both molybdenum and vanadium. Molybdenum enhances the strength and hardness of the steel, vanadium its wear resistance and toughness. Carbon augments the steel's tensile strength and increases its resistance to wear and abrasion. Resulting from this recipe is blade steel that retains a sharp cutting edge over time and use. Available in PlainEdge or 50/50 PlainEdge/SpyderEdge blade.

Weight 156 g / Open length 200 mm

Meadowlark FRN

The Meadowlark FRN has slip-free texture deeply moulded into the plastic so it won't slide or move around in the hand. Nested inside the handle are full-length steel liners adding rigidity and strength without unnecessary weight, and phosphor bronze bushing for smooth open/close. Available with a PlainEdge or 50/50 SpyderEdge/PlainEdge blade.

Weight 74 g / Open length 181 mm

Cara Cara FRN

The Cara Cara FRN has the same great features as the Meadowlark in a larger size. Its 8Cr13MoV stainless steel blade is hollow-ground with a comet shaped hole so the folder opens and closes easily. On top of the blade's spine is a series of crosshatching the knife industry calls jimping, used as a thumb grip. Available with a PlainEdge or 50/50 SpyderEdge/PlainEdge blade.

Weight 104 g / Open length 222 mm

Robin FRN

The Robin has a hollow-ground blade manufactured using 8Cr13MoV stainless steel, which contains both molybdenum and vanadium. Molybdenum enhances the strength and hardness of the steel, vanadium its wear resistance and toughness. This intermediate-sized knife will cut anything and rides well in a pocket. Available with a PlainEdge or a 50/50 PlainEdge/SpyderEdge blade.

Weight 61 g / Open length 148 mm

Rescue

Awesome cutting power for the rescue professional. The Rescue has a reversible metal pocket clip on a fibreglass-reinforced resin handle. The blade is patterned in a sheep's foot style for safety in rescue situations.

Weight 75 g / Open length 209 mm

Dragonfly

The Dragonfly has a fibreglass-reinforced nylon handle and a flat-ground VG-10 blade. Available with a SpyderEdge or PlainEdge blade.

Weight 33 g / Open length 138 mm

Native

A lightweight, fibreglass-reinforced, nylon resin handle that incorporates a bi-directional pattern on both sides to prevent slipping. The Native has a stainless steel reversible pocket clip and a hollow ground blade. Available with a 65/35 SpyderEdge/PlainEdge or PlainEdge blade.

Weight 75 g / Open length 178 mm

Tri-Angle Sharpmaker

Even the inexperienced can attain professional sharpening results with ease. The synthetic diamond stones are 17.78 cm long and are formed in a unique triangular shape to hone both serrated and plain edges. Includes a medium and a fine stone and a detailed instruction DVD. Replacement stones are available.

Delica 4

A textured fibreglass-reinforced nylon handle improves handling and a clothing clip adds portability. Available with a PlainEdge, SpyderEdge or 50/50 SpyderEdge/PlainEdge blade.

Weight 71 g / Open length 181 mm

Delica 4 Stainless Steel

The best-selling Delica with a stainless steel handle! More weight adds a solid, balanced feel. The hollow ground blade is honed to a razor-sharp edge and offers exceptional rust and stain resistance. Available with a PlainEdge, SpyderEdge or 50/50 SpyderEdge/PlainEdge blade.

Weight 114 g / Open length 179 mm

Endura 4

Designed for those requiring a larger blade, the Endura has a textured reinforced fibreglass handle. Available with a SpyderEdge, 50/50 SpyderEdge/PlainEdge or PlainEdge blade.

Weight 103 g / Open length 222 mm

Gerber is dedicated to making knives and tools that combine high quality materials and innovative designs that will stand up to a lifetime of use.

GERBER

**Knives, Axes
Sharpeners and Lights**

Paraframe I

Forged from high-grade surgical stainless steel the Paraframe I has an ergonomic design that makes it lightweight and strong. A frame lock holds the blade securely in place. Easy one-handed opening. Available with a fine or serrated edge.

Weight 76.6 g / Length 10.42 cm

Paraframe II

The big brother of the Paraframe I, forged from high-grade surgical stainless steel, the larger Paraframe II has an ergonomic design that makes it lightweight and strong. A frame lock holds the blade securely in place. Easy one-handed opening. Available with fine or serrated edge.

Weight 110.6 g / Length 12.65 cm

E-Z Out Skeleton

This lightweight knife has an easy one-hand opening and a rugged handle. Gerber made the E-Z Out's handle out of polycarbonate that's practically unbreakable under normal usage. SoftGrip inserts on this handle create a comfortable, sure grip. Available with serrated edge.

Weight 85 g / Length 11.43 cm

River Shorty

The best selling river knife on the market today! The Shorty has a blunt tip, partially serrated blade and a locking quick-release sheath that can be easily attached to a life jacket.

Weight 80 g / Length 17.14 cm

Omnivore

A new light with multi-battery functionality! Just pick your battery choice, AA, AAA or CR123 and drop it in for a beaming bright white light. A 0.7-Watt LED is protected by an aircraft grade aluminum housing.

Weight 114 g / Length 11.4 cm

Gator Machete

A dual-purpose machete made to handle the worst that the trail has to offer. Ideal for sawing limbs and clearing brush with both a fine edge and serrated edge. Forged of high-carbon stainless steel. Includes a nylon sheath.

Weight 511 g / Length 45.72 cm

Gator Machete Jr

Built just as tough as the Gator Machete, the Junior is shorter and more packable. The two-sided blade has both a fine edge for hacking brush and vines and a rough cut saw edge for cutting branches, limbs and small trees. It's a high-carbon steel shaft with a Gator grip handle. For back-country travel, when every bit of weight is accounted for, the Gator Jr. is the right machete. Includes a nylon sheath.

Weight 406 g / Length 27.31 cm

Gator Machete Pro

This is the top of the heap for Gerber machetes. The corrosion-resistant, multi-purpose blade can be used as an axe, machete, brush thinner or knife. The Gator grip handle and nylon lanyard keep the machete safely in your hand when in use. The sheath is made of military-grade nylon and includes a sharpening stone. It's a durable do-it-all tool for clearing, hacking and chopping.

Weight 510.3 g / Length 41.91 cm

Gator Saw I

You're looking at a modern interpretation of the traditional collapsible outdoor saw. Every component is made of stainless steel, and they snap-fit together without effort. The wingnut with end clip assures that the saw will retain its integrity in the field. Especially when you're working this push/pull saw for all its worth. Includes two blades (coarse and fine) and a smartly-designed ballistic nylon sheath.

Weight 491 g / 14 cm wide and 33 cm long

Gator Combo Axe II

The Gator II is a compact all-conditions axe for the outdoor adventurer. The handle is made of glass-filled nylon and covered in Gerber's Gator texture. It offers a better and more comfortable grip in wet and muddy conditions. The handle also houses a coarse blade handsaw, held in place magnetically, for sawing branches and brush. It's a rugged and lightweight camping essential.

Weight 738 g / Length 39.62 cm

Axes

Gerber axes feature lightweight, virtually unbreakable glass-filled nylon handles and forged steel heads. A sheath is included.

Axe Size	Weight	Length
Back Axe II	480 g	22.86 cm
Sport Axe II	640 g	36.19 cm
Camp Axe II	1.00 kg	44.00 cm
Extra Large Axe II	1.52 kg	60.00 cm
Splitting Axe	2.50 kg	72.30 cm

Knives and Tools

GERBER – BEAR GRYLLS BY GERBER

Crucial

The Crucial collects an entire toolbox of full-sized components in one rugged stainless steel package. The pliers handles are ergonomically curved for a better grip and more torque. The liner-locking knife blade is half fine edge and half serrated. It has a carabiner clip that folds out for easy attachment to a backpack, vest or belt loop. Built with a clip and weighing just five ounces, the Crucial can also be carried as an everyday pocket tool.

Weight 142 g / Length 9.15 cm closed

Crucial F.A.S.T.

The first and only pocket tool available with assisted opening blade technology. Gerber F.A.S.T. (Forward Action Spring Technology) makes it easy to simply and quickly deploy a specially designed blunt tip blade. The lightweight Crucial F.A.S.T. offers maximum utility in a minimalist package.

Weight 164.5 g / Length 12.20 cm closed

Octane

A patented one-hand opening design makes the Octane a quick starter, while the sleek form and function ensure it's a top performer. It's light enough to carry in your pocket, but surprising enough to reveal a multitude of 9 additional components to the sturdy pliers.

Weight 141.75 g / Length 10.16 cm closed

Gorge Folding Shovel

The Gorge Folding Shovel features a fast and smooth push-button collapsible handle and a glass-filled nylon shaft with rubberized overgrip. The spade folds back, revealing a textured head to be used as a hammer for pounding in tent stakes. The Gorge is lightweight and packable for back-country camping and hiking.

Weight 794 g / Length 23.50 cm closed

BEAR GRYLLS BY GERBER

Ultimate Knife

The Ultimate Knife is the pinnacle of Gerber's Bear Grylls Survival Series. Intricately designed by Gerber and Bear, it's loaded with innovations that won't be found in any other fixed blade knife.

Like everything in the Survival Series, it also includes Bear's *Priorities of Survival* pocket guide. The knife features: half-serrated high carbon stainless steel drop point blade, ergonomic textured rubber grip, stainless steel pommel and an emergency whistle. In the sheath there is a fire starter, land to air rescue instructions and a diamond sharpener.

Weight 416.74 g / Length 25.4 cm

Scout

Designed with scouting in mind, the Scout draws on Bear's experience as Chief UK Scout and figurehead to 28 million Scouts worldwide. This thin and lightweight folding knife has a half-serrated high carbon stainless steel drop point blade with a dual-sided thumb stud, ergonomic textured rubber grip, locking blade, a clip for pocket carry and the *Priorities of Survival* pocket guide.

Weight 68.39 g / Length 10.16 cm closed

Parang

The Parang is a modern version of the traditional jungle tribesmen's machete. Its heavy angled blade makes short work of branches or vines. Sheath included.

Weight 720.10 g / Length 49.53 cm

BEAR GRYLLS BY GERBER – ESBIT

Survival Kits and Stoves

Basic Survival Kit

Inside this waterproof kit you will find a mini-Paraframe knife, emergency whistle, fire starter, waterproof matches, snare wire, emergency cord, cotton ball and fire tinder.

Weight 122 g / Size 11.43 x 12.7 cm

Scout Survival Kit

There are a few non-negotiable items that every outdoor adventurer must have. This is one of them. The Scout Essentials Kit has been designed by Bear Grylls and Gerber for absolute safety and survival in the wild. Every detail has been carefully considered; even the polypropylene case doubles as a water capturing device. Complete with a first aid kit, waterproof matches, LED Micro Torch light, Compact Scout knife, button compass and Bear's *Priorities of Survival* pocket guide, this is the cornerstone of packing for any trip through the backcountry.

Weight 154 g / Size 12.6 x 9.52 cm

Ultimate Survival Kit

Includes everything you might need in a survival emergency: a Gerber miniature multi-tool, (needle-nose pliers, wire cutters, fine-edge knife, serrated knife, Phillips screwdriver), waterproof bag, miniature light, hand saw, signalling mirror, survival blanket, fire starter, waterproof matches, snare wire, cotton ball, fire tinder, waxed thread, fishing kit, sewing kit and a whistle!

Weight 267 g / Size 11.43 x 17.3 cm

Field Sharpener

Encased in a smooth, hard plastic cover the Bear Grylls Knife Sharpener fits easily in your pocket. The handle is made of grippy rubber for secure holding in wet or cold conditions. Two rod-shaped diamond-coated sharpeners allow you to sharpen the serrated sections of your knife. Coarse Carbide and Fine Ceramic inserts will get your fine edge blade in shape. Your Survival Series Field Sharpener will likely be the only one you'll ever need.

Weight 65 g / Length 11.43 cm

Fire Starter

Small and compact, the Fire Starter offers years of use. Watertight construction keeps tinder safe and dry.

Weight 74 g

ESBIT

Esbite is a German company that has been making stoves and cookware for more than 75 years. The brand has a rich history of innovation, having invented the first solid fuel tablets and foldable stoves that have been standard issue for military and government agencies for decades.

Pocket Stove

Ideal for backpacking, camping, home or auto emergency kits, this pocket-sized stove folds down to a small, compact size. Constructed from electrolytic galvanized steel. Cooking grade is selectable in two steps—suitable for cups, pots, and pans. Includes six 14-g solid fuel tablets. Extra solid fuel cubes can be stored inside the stove.

Weight 180 g / Dimensions 9.8 cm x 7.7 cm x 2.3 cm closed

Emergency Stove

Ideal for lightweight backpacking or your home or auto emergency kit, this pliable stove folds flat for storage and includes three 14-g solid fuel tablets that burn about 12 minutes each.

Weight 75 g

Solid Fuel Tablets

Use these fuel tablets for your Esbit stove or other folding stoves. Esbit makes the original German-made Solid Fuel Tablets that are virtually smokeless and odourless. Generates up to 1400 °F of intense heat, providing about 12 minutes of useable burn time per tablet.

Weight 184 g / 12 Tablets per box

Solid Fuel Stove and Cookset

A complete cooking system that works with Esbit solid fuel. Space and weight efficient for hiking and backpacking. Constructed from extremely light and durable hard-anodized aluminum. Includes a 585-mL pot with volume indicators, two stainless steel grips and a wind deflector. Stores in a convenient mesh bag.

Weight 198 g / Dimensions 8.6 cm x 11.2 cm closed

Alcohol Stove and Trekking Cookset

Constructed from extremely light hard-anodized aluminum with a brass alcohol burner. Includes a stand, 985-mL pot, 470-mL pot, alcohol burner, and a base for solid fuel. Stores in a convenient mesh bag.

Weight 425 g / Dimensions 14.7 cm x 12.7 cm closed

Candle Lanterns and Accessories

UCO

Red Pine Outdoor Feature Product

Micro Lantern

The Micro Lantern is a tea light lantern that also collapses for compact storage just like the Original Candle Lantern. It's perfect for taking along in your backpack as it compacts down to 2.5 inches in height. When you take apart the Micro Lantern to replace the candle, you will find one of its most innovative features—hidden in the base is space to store a second tea light candle. This allows you to carry enough tea lights for 6-8 hours of light. The Micro Lantern is made with the same high quality as our other candle lanterns, it just happens to be a little lantern with a lot of light!

Available in assorted coloured aluminum. Weight 119 g, including two candles. Collapses to 6.35 cm.

Candlelier

The Candlelier has the warmth, ease-of-use, safety and convenience of the Original Candle Lantern with increased brightness. Three spring-loaded nine-hour candles make the Candlelier perfect for larger groups or for emergency use. The heat that can be generated in an enclosed area is remarkable.

Available in polished aluminum and assorted colours. Weight 544 g with three candles / Height 20 cm. Replacement chimneys are available.

9-hour replacement candles for the Original Candle Lantern and the Candlelier are available in handy packs of three or bulk boxes of 300 candles.

Citronella 9-hour candles are available in packs of three.

Neoprene Cocoons

Made from impact-resistant Neoprene, the Cocoons are highly effective at preventing scratching and denting of candle lanterns.

Available for all sizes of lanterns.

Original Candle Lantern

The classic lantern utilizes a spring-loaded nine-hour candle to provide heat and light for the outdoors person. The lightweight aluminum frame holds the glass chimney securely in place.

Available in polished aluminum and assorted coloured aluminum. Weight 181 g, including the candle. Collapses to 11 cm. Replacement chimneys are available.

Stormproof Match Kit

The UCO Stormproof Match Kit is a waterproof container that includes 25 matches and 3 strikers. The container features an integrated striker on the outside to provide an easy location for lighting matches and can hold up to 40 matches. The ribbed container is easy to grip with cold hands.

Weight 48 g

Stormproof Matches

Unlike other "waterproof" or "wind-proof" matches, the UCO Stormproof matches are easy to light, and will stay lit for up to 15 seconds, even after being submersed in water!

30 packs in a display box, 25 matches per pack.

Play & Freeze Ice Cream Maker

Make ice cream anywhere! You don't need electricity, just add ice and rock salt in one end and ice cream mix in the other end—then have a ball as you shake it, pass it or roll it! Try flavours from the recipe list included or make up your own. Made of durable polycarbonate, it is lightweight, portable and easy to clean.

UltraPods

These lightweight tripods can accommodate almost any camera and fold up to fit in a pocket.

UltraPod 1

For use with compact cameras and SLRs with standard lenses.

Weight 57 g / Folds to 10.16 cm long

UltraPod 2

For use with SLRs with larger lenses, camcorders and spotting scopes.

Weight 113.4 g / Folds to 17.78 cm long

Wrap Up Camera Case

Stretches to fit over a camera like a protective neoprene glove. Easily attaches to most compact cameras so it won't be lost.

Available in small.

Fuel Faucet

Fits standard fuel bottles and allows for easy, safe and clean transfer of fuel from bottle to stove.

Weight 14.18 g

When it comes to building reliable equipment, Omega Pacific demands innovative features, consistent performance and impeccable quality.

OMEGA PACIFIC

**Carabiners and
Climbing Tools**

Screw-Link

Superior strength yet compact size, the steel screw link is ideal for fixed draws on routes or rappel/belay stations.

Weight 77 g / Gate opening 10.9 mm
Strength 30 kN

D Carabiner

One of the strongest, lightest Ds available today. Available in bright aluminum, or fully anodized black finish.

Weight 65 g / Gate opening 20 mm
Strength 31 kN

Locking D

A strong screw-gate carabiner. Available in bright aluminum or fully anodized black finish.

Weight 74 g / Gate opening 16 mm
Strength 31 kN

Locking D NFPA

Certified by the NFPA.

Available in bright aluminum. Weight 74 g
Gate opening 13 mm / Strength 27 kN

Dash Pack

Four lightweight, full-strength Dash carabiners anodized to match Link Cam colours. Convenient 4-pack saves time whenever placing or sorting your gear. Each coloured Dash features the Infinity wire gate.

Link Cams

Mechanically-speaking, Link Cams are as innovative as the concept behind their design. Built with a hybrid blend of materials and advanced MIM process, Link Cams are the most sophisticated and modern camming devices in the world.

It Is Possible

O Carabiner

The oval carabiner is one of the most favoured shapes for mountaineering applications.

Available in bright aluminum. Weight 65 g
Gate opening 15 mm / Strength 22 kN

Locking O Carabiner

Available in bright aluminum. Weight 71 g
Gate opening 12 mm / Strength 22 kN

Gym Pro

An easy-to-clip hardened steel carabiner. Built for gyms and great for fixed draws on outdoor projects.

Weight 220 g / Gate opening 27 mm
Strength 40 kN

Dash Wire Gate

A lightweight, full-strength wire gate biner tough enough to withstand years of serious use. With nearly a full inch of gate clearance, the Dash is built from full-sized, high-strength 3/8-in. aircraft grade aluminum.

Available in cinder orange. Weight 34 g
Gate opening 24 mm / Strength 34 kN

Lava Wire Gate

Ultra light, ovalized aluminum D frame carabiner. The 34-g weight means it can be used for draws, slings, cams and anchors without a weight penalty!

Available in Volcano. Weight 34 g / Gate opening 23 mm / Strength 23 kN

G-FIRST Locking D NFPA

The world's lightest carabiner to earn the full strength "General" rating from the NFPA! The G-First is ISO Cold Forged from aircraft quality, heat-treated aluminum.

Available in a bright or fully anodized finish. Weight 130.5 g / Gate opening 28 mm
Strength 40 kN

11-mm Steel Locking D

Ideal for rescue and industrial applications.

Available in a gold finish. Weight 210 g
Gate opening 24 mm / Strength 53 kN

Dirt Bag Draw Set

Even if you're on a budget, you still deserve Omega Pacific quality! Omega stripped away all the frills to provide a basic, reliable and easy-to-use quickdraw. Includes the Classic Straight and Bent Gate carabiners and combines them with a 4-inch draw. Still included are all the signature Omega features like proof-load testing, true-radius rope-bearing surfaces, tapered noses and hooded gates. Now with Dyneema slings.

Strength 22 kN

SBGII Belay/Rappel Device

The SBGII is a tremendously versatile belay/rappel device that works great on all singles or any double/twin rope system. The rigid stem keeps the working "bell" of the device off the rope, providing a silky smooth transition from full lock-off to quickly whipping rope out to the leader. The rigid stem design also permits figure-8 style rappels, enabling climbers to safely descend single-rope raps when using 8-mm or 9-mm ropes.

Weight 77 g

Dash Draw Set

Two Dash wire gates combine with a 4-inch draw to make a lightweight and cost effective set.

Strength 22 kN

Rappel Ring

Forged aluminum rap ring for bail-outs and rap stations. Anodized grey for minimal visual impact. Solid construction (not hollow) for 20 kN minimum breaking strength (over 4400 lb)! Not intended for repeated lowering.

Weight 34 g

Figure 8

Figure 8 devices remain popular for their simplicity, durability and dependability. Forged from aircraft-quality anodized aluminum with 35 kN minimum breaking strength. Can be used with double, half or single rope systems for rappelling or belaying.

Weight 105 g

Wedgies

Wedgies are built with a double taper to fit slight flares and more typical cracks alike. Available individually or in sets, each is extruded and machined from 6000-series, aircraft-quality aluminum alloy and anodized for instant identification on your rack. Slung with strong, braided steel cable, they're built for years of use.

Wedgie Specifications

Size	Dimensions mm	Cable size inches	Strength kN	Weight g

Caranut Tool

A cleaning tool made from 4130 CrMo so it won't bend in use. Omega has combined a standard nut tool and a carabiner to make one of the coolest tools available.

Weight 54 g / Length 21 cm

Snow Pickets

Safety anchors for snow travel. Manufactured with anodized "T" section structural aluminum alloy pickets. Colour coded for easier identification during storms or when wearing dark glacier eye protection.

Available in 24-in. (60.96 cm, 526 g) and 36-in. (91.44 cm, 774 g) sizes.

Accessory Cord and Dynamic Rope

STERLING ROPE

Sterling static ropes feature a 48-carrier cover braided over their unique dry core. This construction prevents stretching, spinning and stiffening of the rope during rappels, load lowering and other static rope applications.

6-mm PowerCord

Some situations require high strength in a small diameter cord. Sterling's PowerCord is the answer. It has a super strong 1937-kg MBS!

Available in 50-m spools and packages of 7.6 m.

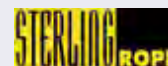

Accessory Cords

Sterling offers a wide range of accessory cords in outdoor colours and patterns for general utility purposes. Accessory cords are not for lead climbing or rappelling. Like their other ropes, Sterling puts a little extra engineering into the accessory cords to make them more rugged and easier to knot and use.

Available in 100-m spools in 2-mm, 2.75-mm, 3-mm, 3-mm Glow, 4-mm, 5-mm, 6-mm, 7-mm, 8-mm and 9-mm sizes.

Available in 15-m packages in 2-mm, 3-mm, 4-mm, 5-mm, 6-mm and 7-mm sizes.

Dynamic Rope

10.7-mm Ultra

The marathon sheath makes this rope very durable, yet it retains a nice supple hand. Perfect for any climb that is hard on a rope.

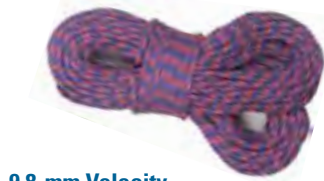

Available in standard or dry 60-m lengths.

10.4-mm Sport

Sport climbing, traditional, ice and expeditions—this rope handles it all. The Sport offers superior abrasion resistance.

Available in standard or dry 60-m lengths.

9.8-mm Velocity

A space-age sheath and propulsion core—everything you need in a skinny rope.

Available in dry 60-m and 70-m lengths.

9.2-mm Fusion Nano

The Fusion Nano, despite its skinny size, will deliver high-end performance. It is recommended that the Nano Fusion only be used for onsights, redpoints, and NOT for top-roping or working of routes. It is critical that proper belay devices be used.

Available in dry 60-m and 70-m lengths.

7.8-mm Fusion Photon

The Fusion Photon is Sterling's first half rope that is also certified to twin. It was manufactured to have a perfect balance of diameter to weight. The Photon was designed to round out the Fusion series as a performance half rope. With a diameter of 7.8 mm and weighing only 41 grams per meter, the Photon is small and light, making rope drag less of a concern over long pitches.

Available in dry 60-m and 70-m lengths.

Gym Rope

10.7-mm Dynamic Big Gym Rope

Engineered specifically for climbing gyms. This rope has an extraordinarily durable sheath and nice hand to fit in belay devices.

Stocked in 200-m rolls but can be special ordered in custom lengths.

10.4-mm Rock Gym Rope

Designed specifically for the harsh environments of indoor climbing gyms. A more durable sheath construction than any other rope Sterling offers and zero sheath slippage, this rope is sure to outlast the competition.

Stocked in 200-m rolls but can be special ordered in custom lengths.

Gym Rope Specifications

	10.7-mm	10.4-mm
Falls Held	8	8
Impact Force	8.6 kN	8.5 kN
Grams/metre	70	67

Dynamic Rope Specifications

	10.7-mm	10.4-mm	9.8-mm	9.2-mm	7.8-mm
Falls Held	8	7	6	6	5
Impact Force	8.6 kN	9.3 kN	8.8 kN	8.4 kN	5.6kN / 8.7 kN
Grams/metre	70	69	62	52	41

STERLING ROPE

Static Rope, Webbing and Pulleys

Static Rope

3/8-in. Static (10 mm)

Single-person rope ideal for setting up anchors as well as other low stretch applications.

Available in special order lengths.

7/16-in. Static (11.5 mm)

This rope has superb handling characteristics due to the 48-carrier sheath construction. Suited for single-person rescue.

Available in 46-m, 92-m and 200-m rolls or special order lengths.

1/2-in. Static (13 mm)

Two-person rescue rope. Features Sterling's 48-carrier process and dry core construction. Ideal for high-strength rescue or safety applications.

Stocked in 92-m and 200-m rolls but can be special ordered in custom lengths.

Static Rope Specifications

	3/8-in.	7/16-in.	1/2-in.
Tensile Strength Avg.	2850 kg	3711 kg	4207 kg
Weight/100 ft.	4.7 lb	6.0 lb	7.9 lb

Slings

Sterling manufactures sewn slings with 17-mm nylon Tech2000 premium webbing. All Sterling slings are sewn on computerized machines, ensuring that each sling is sewn perfectly every time.

Available in assorted colours in 24-in. (60.96-cm) and 48-in. (121.92-cm) lengths.

ATS Device

The ATS device is a versatile belay and rappel device designed for both rock climbing and canyoneering. This unique device accommodates the need for various friction settings on rappel and belay, as well as auto lock-off belay options. The ATS incorporates the best parts of a tube or plate device and a figure 8 with 'hyper-horns' into one compact durable frame.

Weight 99.25 g

Mini Single Pulley

The Mini Single Pulley is a light-weight aluminum pulley that can accommodate ropes up to 11mm.

MBS 17 kN / Weight 82 g

Single Rescue Pulley

The Rescue Pulley is compatible with ropes up to 13 mm.

MBS 32 kN / Weight 190 g

Prusik Minding Pulley

A prusik-minding pulley keeps the prusik from getting sucked up into the pulley system and allowing a rescuer to tend to another task. The SR PMP is compatible with ropes up to 13 mm.

MBS 36 kN / Weight 302 g

Double Prusik Minding Pulley

The double prusik minding pulley is compatible with ropes up to 13 mm.

MBS 44 kN / Weight 570 g

1-inch Tubular Web

Quality webbing available in red, black, blue, purple, yellow, orange and green in 91-m spools.

Tensile strength 1818 kg

Tent Cord

Stop tripping over tent lines. This 2.75-mm glow cord reflects light and is highly visible in low-light or no-light situations.

Length 15.25 m

Floating Rope

5/16-inch floating rope in high visibility yellow. An excellent rope choice for watersport enthusiasts.

Available in 92-m spools. Tensile strength 725 kg

Chain Reactor

A replacement for the traditional sewn daisy chain! The Chain Reactor absorbs enough energy to withstand three factor-2 drops.

Available in 99-cm lengths.

**Climbing Chalk and
Chalk Bags**

DYNO CHALK

Chalk Blocks

Premium chalk compressed into a condensed 58-g block. Shrink wrapped to prevent breakage and avoid messy cleanups in your store. Break off in large chunks and pulverize in hand.

Refillable Balls

Refillable 60-g chalk balls that come loaded with premium, high performance chalk.

Summit Chalk Bags

Cylinder style nylon chalk bags. Fleece-lined for easy finger dusting. A stiffened rim holds the bag open for easy dipping and a drawstring closure with a cord lock keeps the chalk in place when not in use.

Available in assorted colours and patterns.

Chalk Bag Belts

The 1-inch tubular nylon chalk belt holds a chalk bag securely in place and can be adjusted to fit snugly around your waist.

WONKA OUTDOOR PRODUCTS

Accessories

Alley Gaiters

Made of durable nylon, these gaiters feature a full length velcro that fastens at the front, a re-enforced ankle zone, lace hook, rubberized nylon boot strap and an upper drawstring.

Available in S/M and L/XL

Traverse Canoe Pack

Durable canoe pack built by Hooligan Gear. Produced using 1000 denier PU coated nylon, the Traverse has reinforced seams and bar tack stitching, draw cord and cinch strap closures, convenient grab handles and multiple side straps. Full back pad and beefy shoulder straps and hip belt. Two zipper pockets—one on the lid and one inside.

Capacity 110 L

Backwoods Snowshoes

Built to last with a 6061 aluminum frame, rugged polyurethane decking (resilient to -50 °C) and aggressive 6063 aluminum crampons. Easy to put on with a one-size-fits-all, polycarbonate ratchet binding. The strap pivot allows for greater flex and articulation, which makes for a more comfortable step. Each pair ships in a handy carry bag.

Available in 20-in. (50.8-cm), 22-in. (55.88-cm), 25-in. (63.5-cm), 27-in. (68.58-cm), 30-in. (76.2-cm) and 34-in. (86.36-cm) sizes.

Trekker Telescopic Poles

Two four-season poles constructed of 3 pieces of 7075 aluminum. Extends from 69 cm to 140 cm. Features a comfortable cork grip with adjustable wrist strap, a carbide tip with rubber cap and includes both mud and snow baskets. Great for snowshoeing, hiking and walking.

Length 69 to 140 cm

Kayak Throw Bag

15 metres of strong 1/4-inch floating rope in a compact bag with a drawstring closure. A sewn-in waist belt allows the user to wear the throw bag comfortably and keep it accessible when scouting a rapid or descending the river.

Weight 370 g / Length 18 cm
Diameter 9 cm

McCoy Throw Bag

20 metres of Sterling Ultralite 1/4-inch polypropylene sheath with Dyneema core in a tough nylon bag. The Dyneema rope has a 900-kg load rating yet is lightweight.

Weight 458 g / Length 24 cm
Diameter 12 cm

Replacement Throw Bag

Got an old bag? Our Replacement Throw Bags are a great upgrade. Built tough with bright orange or red nylon with black mesh. Complete with a daisy chain and drawstring closure but does not include rope. For those wishing to upgrade or make their own custom throw bag. The orange bag holds up to 20 metres of 5/16-inch rope. The red bag holds up to 20 metres of 1/4-inch rope.

Accessories

WONKA OUTDOOR PRODUCTS

Accessory Cord

Wonka Accessory cords are available packaged in 10-m lengths with a header card. These multi coloured cords have nylon sheath and core construction for durability and strength.

Available in 3-mm, 6-mm and 8-mm sizes.

Reflective Deck Bungee Cord (A)

5.6-mm diameter and 4.57-m length. Bilingually packaged in a see-through bag with a cardboard hang tag, this Wonka product is great for kayakers who are out at sunset or at dawn, or who enjoy night paddling or paddling in busy waters.

Deck Bungee Kit (B)

Customize your kayak bungee cord. Includes four nylon Pad Eyes and 4.57 m of stretch cord, 5.6 mm in diameter. Bilingually packaged in a see-through bag with a cardboard hang tag and an instruction sheet.

Summer Breeze Hammock

A lightweight, compact and packable hammock.

Weights only 312 g with a 120-kg load rating. Size 300 x 139 cm end to end. The nylon section on its own measures 218 cm in length.

Crank Compression Strap

Attach gear to your pack or boat or compress lofty items with ease. Made with 1-inch heavy duty polypropylene and a sewn-in ladderloc buckle.

Available in yellow.

Wanderer Money Belt

Essential security for travelers! The durable nylon Wanderer can be easily hidden under clothing. Features a low-profile, twin compartment design.

Portage Pad

Made from durable 420 nylon and closed cell foam, the portage pad protects the shoulders on those long portage trails. Attaches easily to any yoke with sewn-in velcro straps.

Reflective Tape

Highly reflective, self-adhesive vinyl tape. Easily attaches to helmets, clothing or almost any flat, clean surface. Provides enhanced visibility night and day.

Available in blister packs of two 30-cm strips or in a 30-m roll.

Reflective Armbands

Reflective Armbands increase your visibility night and day. Each vinyl band is approximately 4.5 cm wide and 39 cm long. A hook-and-loop closure system allows for easy adjustment to fit various arm or ankle sizes.

Available in bulk or blister packs of two.

Mesh Bags

Handy bags for laundry, wet items and gear on the trail. Each bag has a drawstring closure.

Available in Small 19 x 28 cm, Medium 26 x 37 cm or Large 33 x 47 cm

Rambler

A compact, hanging toiletries kit bag for the organized traveler. Features two mesh front pockets and a detachable mirror. Contents not included.

Kayak Paddle Leash

Easily secure a kayak paddle to the boat with this handy leash. Manufactured with strong bungee cord, a nylon clip at one end for attaching to the kayak and a velcro loop for attaching to a paddle.

80 cm long but stretches easily to 160 cm

Vapor 21 Summit

Redfeather's new Vapor racing shoe is a featherweight, ultra-fast speedster that features their secret FLD (Feather Light Design) Technology, titanium crampons and Hypalon Cross Country Binding that grips your boots with the determination of a true competitor. They meet all the USSSA requirements, and are designed for advanced racing performance on groomed trails. If you're fast, you'll be faster! They feature the highest quality titanium crampon construction. The frame is 6000 Series grade aluminum special modified V-Tail design—a raised tail for smoother stride experience specifically for running. The decking is Hypalon II, super strength, puncture and abrasion resistant. Ultra-Light bindings made from Hypalon II with urethane straps that cinch down to any running shoe or light hiking boot for flexibility and large range of motion. A Live-Action Hinge lifts the tail of the shoe from the snow with every step.

Available in mens and womens styles.
Size 21 in. / Weight 2.5 lb / Fits any racer up to 190 lb

SnowPaws

SnowPaws are shaped like a bear paw and leave wonderfully fun "monster paw" prints in the snow. Lightweight so they're easy for youngsters to trek along in. They come complete with easy-on, easy-off binding. SnowPaws are a great way to enjoy the outdoors with your kids—getting them out of the house and into the fresh winter air. Great tracks mean lots to do and games to play.

Available with blue decks, pink or green bindings.

Hike Control

Hike Control Series snowshoes have the Sure Grip crampon system with stainless steel front and rear crampons for stability. The 6000 Series aluminum frame has a western round tail for maximum floatation and is powder coated to shed snow and ice. The decking is TX 35 Rip Stop, which has superior puncture and abrasion resistance but stays soft in sub zero temperatures. A rugged, secure binding features a solid polymer heel plate, semi-rigid injection moulded polyurethane toe and heel frames for superior lateral support, quick-adjust nylon webbing to secure foot in frames and flexible urethane heel strap that stretches to hold heel of boot securely. A Live-Action Hinge lifts the tail of the shoe from the snow with every step for added mobility and speed.

Size 25 in. / Weight 3.3 lb / User weight up to 175 lb

Size 30 in. / Weight 3.7 lb / User weight up to 220 lb

Size 36 in. / Weight 4.7 lb / User weight up to 250 lb

Hike Control Ladies

Made with ladies in mind, these beautiful snowshoes have the Sure Grip crampon system with stainless steel front and rear crampons for stability. The 6000 Series aluminum frame has a western round tail for maximum floatation and is powder coated to shed snow and ice. The decking is TX 35 Rip Stop, which has superior puncture and abrasion resistance but stays soft in sub zero temperatures. A rugged, secure binding features a solid polymer heel plate, semi-rigid injection moulded polyurethane toe and heel frames for superior lateral support, quick-adjust nylon webbing to secure foot in frames and flexible urethane heel strap that stretches to hold heel of boot securely. A Live-Action Hinge lifts the tail of the shoe from the snow with every step for added mobility and speed. An excellent choice as an all-round performance snowshoe for the ladies, but some men like them too!

Size 22 in. / Weight 3 lb / User weight up to 150 lb

Size 25 in. / Weight 3.3 lb / User weight up to 175 lb

RIVERSTONES OUTDOOR GEAR

Red Pine Outdoor Feature Product

Wannigans

The Wannigans are a super sturdy and secure way to store and transport camp kitchen necessities. Made in Canada of tough, roto-moulded plastic and secured with heavy duty straps, the Wannigans are a practical alternative to packs and barrels due to their easy wide-mouth access. The Wannigans are not completely waterproof if submerged! They will float for a short period. Everything you put inside should not need waterproofing; pots, pans, ovens, tools, Nalgene jars etc. The Wannigans are water-tight and racoon-tight when the cam straps provided are used properly. They make great seats and card tables when the kitchen work is done and it is time to relax.

Dimensions: Large Yellow 42.5 x 44.45 x 67.95 cm / Small Orange 39.4 x 27.30 x 60.32 cm

Rideau Kayak Paddle

A two-part asymmetric kayak paddle with duralumin shaft. The tough polyethylene blades with duralumin reinforcement are stabilized against UV rays.

Available in 210-cm, 220-cm or 230-cm lengths. Weight: 210-cm is 1344 g / 220-cm is 1378 g / 230-cm is 1412 g

Nahanni Canoe Paddle

These high quality paddles are ideal for a wide range of uses: as a spare paddle or as an everyday paddle for use with white-water and flat-water canoes. They feature brightly coloured blades so you can find them in the water. Their aluminum shaft is 30% thicker than the competition for superior strength and reliability when prying. The shaft has a tough insulating wrap and is topped off with a very comfortable half-moon grip. Nahanni paddles have a three-year warranty against breakage! Ideal for rental programs!

Available in 52-in., 54-in., 56-in., 58-in., 60-in., 62-in., and 64-in. sizes, curved (yellow) or straight blade (blue)

Meech Paddle

A poplar shaft with a walnut laminated blade and matching grip. Resin tipped for durability. A lightweight and affordable deep water paddle. Made in Canada!

Available in 48-in., 51-in., 54-in., 57-in., 60-in. and 63-in. sizes. Weight 725 g

Deluxe Straps

Four metre heavy-duty polypropylene straps with a sewn-on steel spring-loaded cam buckle and pad to prevent scratches. Allows for easy tie-downs of canoes, kayaks and other camp gear.

V Bow Straps

Easily tie down the bow or stern of any boat with these V Bow Straps. Attach one hook to the boat and 2 other hooks to the bumper and tighten the heavy-duty spring-loaded cam buckles to secure the load.

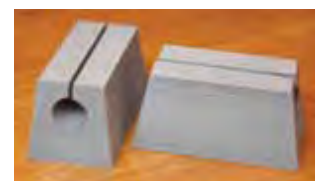

Length 230 cm

Boat Cart

Assembles in less than a minute! No instructions necessary. Simply take out the cart, expand it, remove the pins, pop on the tires, and reinsert the pins. Secure your canoe or kayak to the cart with the included straps. Done! Available with foam-filled tires, no worries about flat tires!

Weight 4.5 kg

Canoe Blocks

Easy-to-use 10-cm-thick foam blocks that fit most canoe gunnels.

Kayak Blocks

Foam blocks for roof-top kayak transport.

RIVERSTONES OUTDOOR GEAR

Canoe and Kayak Accessories

Float Bags

These bright yellow 200 denier nylon, urethane-coated bags feature an easy-to-turn valve to shut the inlet when taking a breath or when inflation is complete. All bags feature durable sewn-in lashing points.

30-in. Kayak Rodeo End Bag
36-in. Kayak Stern End Bag

Foam Pads

Self-adhesive 1/2-inch foam pads, perfect for outfitting a canoe. Use as a seat cushion or knee pad.

Size 28 x 23 cm

Vinyl Adhesive

25.9-mL tubes of adhesive for permanently attaching tie down patches to canoes and kayaks.

Eddy Out Boat Sponge

A medium sized sponge that is handy for cleaning up unwanted water that collects under a kayak spray skirt or the water a bailer can't pick up in the bottom of a canoe. The Eddy Out Sponge is covered in black mesh that has a sewn-in cord loop for easy attachment to boats and gear.

Lucky Duct

One 5 x 50 cm duct tape strip with removable backing. Fits in your wallet or pocket!

Available in counter-top display cases of 25.

L6 Paddle Biner

Secure your paddle with the lightweight, aluminum L6 Paddle Biner. The large gate opening fits around most any paddle shaft. 22-kN breaking strength!

Weight 77 g

Barrel Harness

This harness is made out of tough, ripstop cordura nylon. It includes great shoulder straps, sternum strap and a hip belt.

Available in 30-L and 60-L sizes

Neoprene Socks

Comfortable and warm socks for paddlers. 2-mm neoprene that is nylon covered on both sides for durability and comfort. Flat-stitched construction.

Sizes S, M, L, XL, XXL

Deluxe 2-mm Gloves

2-mm neoprene gloves for warmer weather conditions. This is a great paddler or biker glove at a fantastic price. Grippy palm pattern for slippery conditions.

Sizes S, M, L

Calorific Paddler's Gloves

3-mm neoprene gloves for those who want something warmer. The grippy palm pattern is useful in wet conditions.

Sizes XS, S, M, L, XL and XXL

Fingerless Gloves

Made with 1.5-mm super-stretch neoprene outer shell and reinforced Amara palm gloves with snap-on velcro closure. Provides comfort, palm protection and grip in warm water conditions.

Sizes XS, S, M, L, XL

Pro II Throw Bag

Stuffed with 20 metres of Sterling Rope's finest 5/16-inch Grabline bright yellow polypropylene/nylon floating rope in a durable orange nylon and mesh bag. The mesh allows the rope to dry when not in use. This design ensures that the bag can be quickly redeployed if the first throw misses the target. Simply dip the empty bag into the water, it will quickly fill to the level of the mesh and be ready to throw again.

Weight 807 g / Length 28 cm / Diameter 12 cm

Protective Gear

SHRED READY

Shred Ready is focused on the manufacture of protective gear for outdoor sports such as whitewater kayaking, canoeing and kiteboarding.

Standard Full Cut

A new standard in helmet design has been set with the introduction of the Standard, designed from the ground up to provide unparalleled performance. The Standard includes all the great features of the Shred Ready line (H.O.G. 2 Lock retention system, ABS injected molded shell and more) and gives extra protection over the ears. Meets and exceeds CE 1385 International standard for whitewater helmets.

Available in full-cut style in pearl white, black, flash green, carbon black, electric blue and carbon blue.

Super Scrappy

What do you call a souped up Scrappy? The Super Scrappy! It has an ABS moulded shell, foam liner, H.O.G. Occipital lock, colour-coded interchangeable fitting pads and Duraflex fasteners. Meets and exceeds CE 1385 International standard for whitewater helmets.

Available in pearl white, carbon black, orange, carbon blue, black, electric blue, flash green and red metal flake.

TDUB

For the TDUB, Shred Ready added 19 mm around the edge to the Shaggy helmet for added protection and coverage and used an aramid/fibreglass shell. The TDUB combines stylish looks and superior coverage. Meets and exceeds CE 1385 International standard for whitewater helmets.

Available in black, pearl white, metallic blue, orange, flash green and gunmetal grey.

Vixen

A helmet just for women! Shred Ready accented the nice flowing lines of the helmet with a ridge, which also added rigidity and strength to the aramid/fibreglass shell.

Available in pink, pearl white, cornflower blue, black, wasabi metal flake and purple metal flake.

AHM Rental

The AHM Rental is based on the AHM platform but the liner is modified for outfitting and rafting applications. The liner is a sized compression-moulded foam that is riveted and glued into the shell. Features tube nylon straps, stainless hardware, and H.O.G. Lock retention strap.

Colour coded sizing: white small, blue medium, red large.

Rack Guard

Simple and effective roof rack theft deterrent. 3.65 m of high-strength steel cable with plastic coating. Feed the cable(s) through your boat's security bar, pass the ball through the large loop and pull tight. Close the ball and surplus cable in trunk or car door. No keys to lose! Perfect for keeping your kayak or canoe safe and secure while you're gone!

JR Gear manufactures a wide range of lightweight waterproof bags and packs utilizing the latest in heat sealing, radio frequency and ultrasonic welding technologies.

JR GEAR

Waterproof Bags

Digital Camera Case

A waterproof camera case made with today's compact cameras in mind! Made of 420D nylon and TPU backing, the Tomloc and flap design makes for reliable waterproof protection in any storm. Case is padded to protect valuable equipment. A belt loop and hook provide for easy attachment.

Available in assorted colours.

**Poncho, Map Case
Animal Protection**

JR GEAR — COUNTER ASSAULT

Poncho

Made with silicone coated PU backed 40D diamond Ripstop Cordura. A durable and compact poncho that easily fits in a pocket and weighs only 225 g!

Map Cases

Protect your maps with these watertight TPU map cases. The Tomloc closure will keep out the elements! Handy corner hooks allow for easy attachment to boat decks or packs.

Small 24 x 31 cm / Medium 33 x 38 cm / Large 35 x 53 cm

COUNTER ASSAULT

Counter Assault was produced from a research study at the University of Montana and was extensively field tested by bear management specialists.

Bear Deterrent Pepper Spray

Counter Assault can prevent animal-human conflicts using a non-lethal formula that does not permanently harm the animal. Only a small amount of Counter Assault is usually needed to arrest aggressive behaviour. A short blast of Counter Assault will often be enough to scare an aggressive bear away, but if not, the high volume, high velocity cone-shaped spray of burning pepper (3 million Scoville heat units) is sure to stop an attack. Guarantee: 1.84% capsaicin.

Counter Assault comes in a 230-g or 290-g canister. Effective up to 10 m depending on wind conditions. Nylon holsters are available.

Dog Spray

A dog-attack deterrent spray with a maximum range of 3 metres. This 40-g container provides approximately 60 one-second bursts of spray. A jogger-style holster is included.

Bear Keg Carrying Case

Zippered nylon case has a single grab-handle plus four webbing tabs and two 71-cm adjustable straps.

Bear Keg

Able to hold 12.5 L of provisions, this bear-proof container has smooth sides and round edges. Three stainless-steel locks are easy for humans to open with a coin or screwdriver, but impossible for bears.

Kozee-Tote Transport

The Kozee-Tote features highly absorbent foam inserts within a heavy-duty container with handle. A safe way to transport bear spray.

Bear Spray Belt

This 1-inch tubular webbing belt is used with a holster to carry bear spray outside of jackets and sweaters where it can be accessed quickly in bear country. One size fits all.

For over 20 years, McNett has manufactured the finest specialty products for every outdoor enthusiast. Their care and maintenance products are known worldwide.

McNETT

**Outdoor Survival
Essentials**

AquaSeal

The industry standard for repairs to watersport products. Flexible urethane formula waterproofs, seals and protects against abrasion. For fast cure, use with Cotel-240 Cure Accelerator.

Available in 226.8-g and 21-g sizes.

Seam Grip

Another industry standard by McNett. Urethane repair adhesive permanently seals seams and leaks, repairs tears and patches holes on tents. For fast cure, use with Cotel-240 Cure Accelerator.

Available in 28.4-g and 226.8-g sizes.

AquaSeal UV-Cure

The new AquaSeal that cures in just a few seconds under UV light, also works in overcast or cloudy conditions. Perfect for in-the-field repairs and bonds to both AquaSeal and Seam Grip for permanent fixes.

Available in a 7-g size.

Field Repair Kit

Contains an expert Field Repair Guide and has enough Seam Grip (7 g), a brush and two Tena-cious Tape Patches to repair tears, holes and leaks on inflatable sleeping pads, tents, boots, backpacks, rainwear and more. It all fits into a transparent, sturdy, bright plastic tube that expands to hold additional items.

Cotel-240 Cure Accelerator

For use with AquaSeal, Seam Grip and Freesole. Speeds tack time to 15 minutes and full cure to less than two hours.

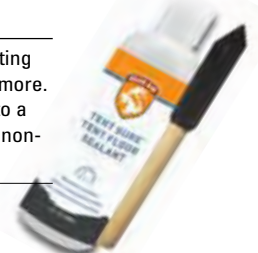

15-mL bottle

Tent Sure Tent Floor Sealant

Water-based urethane sealant provides like-new coating to worn areas on tent floors, rain flies, bivy sacks and more. High performance formula is easy to apply and dries to a clear, flexible, long lasting film with a nearly invisible, non-gloss finish. Includes foam brush for application.

237-mL bottle

Freesole

Permanently re-attaches soles to boots and shoes. Repairs rands, toe caps and worn boot parts. Unaffected by desert heat or arctic cold. For fast cure, use with Cotel-240 Cure Accelerator.

Available in a 28-g size.

SilNet Silicone Seam Sealer

Specially formulated to seal seams on tents and outdoor products constructed or coated with silicone. SilNet can restore silnylon fabric seams and tears to their original state.

42.5-g tube

SeamSure

Fast drying, water based urethane formula for sealing seams on tents, packs and other gear. Dries to a clear, long-lasting finish.

60-mL bottle

MiraZyme

Powerful all-natural formula removes odours caused by mould, food spills, body odour, skunks and more. Just add MiraZyme to water and dip item.

60-mL bottle

**Outdoor Survival
Essentials**

McNETT

Wet Suit and Dry Suit Shampoo

Advanced, commercial grade formula cleans all types of wet and dry suit materials.

237-mL bottle

ReviveX Air Dry

Ideal for all types of breathable garments including those made with Gore-Tex fabric, eVent and other breathable membranes. Easy to use, just spray on and allow to air dry. Perfect for synthetic insulated garments, skiwear, leather and fabric footwear, tents, packs, outdoor gear and more!

147-g can

ReviveX Down Cleaner

Gently restores loft and warmth to down jackets, comforters and sleeping bags.

355-mL bottle

ReviveX H₂O Repellent

Restores water repellence to all types of outerwear including Gore-Tex, Windstopper, soft shell and other waterproof breathable fabrics. Durable, non-toxic and water-based. For garments with wicking inner liners use this spray-on version of ReviveX.

Available in 148-mL and 296-mL bottles

ReviveX Synthetic Fabric Cleaner

Designed to clean all types of outerwear including rainwear, skiwear, soft shells, fleece and synthetic insulation. Essential preparation for treatment with ReviveX water repellents. Ideal for Gore-Tex garments, Windstopper garments and other waterproof breathable garments.

355-mL bottle

ReviveX Soft Shell H₂O Repellent

Specifically engineered for soft shell garments such as Windstopper, Polartec and Powershield. Contains enough to treat 2 to 4 garments. Non-toxic, water-based concentrated formula.

296-mL bottle

Sil-Fix

Repairs tears and holes, seals out water and repairs seams. Ideal for silicone impregnated nylon fabric tents, tarps, backpacks, outerwear and more. Includes 1/4 oz. of Silicone Adhesive, a Clean Tape Patch, a Sil-Nylon Repair Swatch, an Application Brush and an expert Field Repair Guide.

Zip Care

This biodegradable universal cleaner and lubricant is great for all zipper types. Its dry finish won't attract dirt and the applicator brush can also clean zipper teeth. It is silicone free. Great for wet and dry suit zippers. Extends zipper life.

60-mL bottle

Zip Tech

High performance lubricant for water tight and air tight zippers. Protects against rust, corrosion, chlorine and salt in all temperatures. Long lasting, contains no paraffin or silicone.

Available in a 14-g blister pack

Seal Cement

Quickly repairs wet suits, dry suits, waders, rainwear, boots, gloves, orthopedic supports and hundreds of other items. This rapid-cure contact cement saturates the entire seam or repair area for quick repair. The precision applicator tip minimizes waste. A brush is included.

120-mL can

Gore-Tex Fabric Repair Kit

An essential field repair kit for rainwear and skiwear. Kit includes two adhesive-backed Gore-Tex pressure sensitive patches.

Available in assorted colours.

McNETT

**Outdoor Survival
Essentials and
River Knives**

Tenacious Tape

Ideal for fast repairs to tents, tarps and rain gear. The super aggressive adhesive sticks to almost any surface and can be used for a variety of flexible long lasting repairs. Instantly seals leaking seams and tears.

Includes one 7.5 x 50-cm strip of tape / Available in clear.

Micronet Advanced Microfibre Towels

Full sized towels of velvet soft microfibre that packs down to the size of a book. These towels absorb 5 times their weight in water and dry quickly.

Available in Medium 51 x 102 cm, Large 77 x 128 cm and X-large 89 x 157 cm

Neck Wallet

Ultra slim design is invisible even underneath the lightest clothing. Constructed in soft silk to make it comfortable to wear in all climates. Available in beige.

Money Belt

Designed to be worn under clothing, this item is ultra slim and has a water resistant liner. Essential protection from pickpockets! Made of 100% soft silk. Available in beige.

Frontier Emergency Water Filter System

The Frontier straw filter can be used to filter water from any water source. Removes contaminants down to 2 microns in size including *Giardia*, *Cryptosporidium* and *E. coli*. Filters up to 80 L depending on water clarity.

Frontier Pro Ultralight Water Filter

Uses the same quality filter as the Frontier but with a larger capacity and the ability to attach to water bottles or bladders. Remove the bite valve to use as a hanging drip filter. Filters up to 200 L of water.

MCNETT RIVER KNIVES

McNETT – River Knives

High quality knives made under exacting conditions with corrosion-resistant 420 stainless steel. These river knives can be leg or vest mounted. All knives have three-inch blades.

Blakely

Sheep's foot tip with black handle and hard sheath

Samish

Stiletto tip with black handle and hard sheath

Saturna

Blunt utility tip with black or yellow handle and hard sheath

First Aid Kits and Camp Soap

WILDERNESS First Aid Kits — CAMPSUDS

Backpacker

The Backpacker contains all the essential items needed for wound management, blister care and minor accidents. Additional space is available to stock personal items and medications. Professional

Designed for the professional guide. Contains EMT scissors, tweezers, thermometer, pressure bandage, fingertip bandages, safety pins, cotton tip applicators, gauze pads, adhesive tape, alcohol prep pads, emergency rescue blanket, triangular bandage, non-adherent pads, knuckle bandages, butterfly closures, eye pads, antiseptic towelettes, providine swabs, acetaminophen tablets, burn cream packs, insect sting relief packs, elastic bandages, latex gloves, first aid manual and more.

Size 25 x 17 x 7 cm closed

CAMPSUDS

This biodegradable concentrated all-purpose cleaner is perfect for hiking, camping and traveling.

All-purpose Cleaner

Campsuds is well known and trusted as the finest outdoor cleaning product available. The super concentrated formula requires only a few drops for most outdoor cleaning jobs, but the pH-balanced formula is gentle enough to be used as a bath soap or shampoo. The 100% biodegradable Campsuds is effective in hot, cold, soft or hard water.

Available in 2-oz. (60-mL), 4-oz. (120-mL), 8-oz. (240-mL), 16-oz. (500-mL), 1 US gallon (3.78L) standard bottles or in a 4-oz. (120-mL) Nalgene bottle

TENDER — MUSKOL — BUG SAFE

Insect Protection

TENDER

Ben's 30% DEET Repellent

Ben's brand pump spray repellents contain DEET, the most effective tick and insect repelling ingredient ever developed. Water has replaced alcohol in Ben's 30. Water does not evaporate as quickly as alcohol and does not open the pores, so the need to frequently reapply the repellent is reduced. Thus, Ben's 30 is an appropriate choice for protecting children as well as adults and it leaves more insect repellent on the skin so that it fights against biting insects longer.

37-mL pump

After Bite

Stops the itch and pain of insect bites and stings. Clinical tests prove After Bite is the most effective bite treatment on the market today.

14-mL vial

MUSKOL

Muskol Lotion

Muskol insect repellent lotion is an unscented, water based formula that contains 30% DEET for maximum bug protection. Thanks to the non greasy and non oily formula, this lotion can be applied easily to the skin without staining your clothing.

100-mL lotion

Muskol Pump

Muskol insect repellent pump spray is a formula that offers eight hours of protection against mosquitoes with just one application. Small enough to fit in a pocket or back-pack. DEET 30%

50-mL pump

Muskol Aerosol

Muskol insect repellent provides 8 hours of effective protection against mosquitoes. It also repels black flies, biting midges, deer flies, stable flies, ticks and chiggers. DEET 23.5%. This aerosol product has a special valve that will spray upside down for easy use on legs and feet.

170-g aerosol

BUG SAFE

Bug Safe Jacket

Features 100% polyester no-see-um mesh, elastic cuffs and shoulder-to-shoulder zipper access. Protects against mosquitoes, black flies, no-see-ums and ticks.

Sizes S/M, L and XL

Bug Safe Headnet

100% polyester no-see-um mesh. One size fits all. Protects against mosquitoes, black flies and no-see-ums.

Foam inserts available.

Utility Locker II w/ Clear Lid

Multi-purpose box to keep your gear organized and safe. Sleek shape that floats in water and has moulded tie down loops. Larger than Utility Locker I.

Available in assorted colours.
Dimensions 25.4 x 12.7 x 17.8 cm.
Foam inserts available.

PowerTraveller

Powermonkey Classic

The Powermonkey Classic portable charger will work with any electronic device up to 5.5 volts and comes with a universal power adaptor that works in over 150 countries around the world. Includes a pack of adaptors (monkeynuts) for the leading mobile phone brands (including Sony-Ericsson, Samsung, Nokia and BlackBerry), as well as tips for other handheld gadgets such as iPod and Sony PSP. It is compatible with the latest iPhones. The Powermonkey Classic can also be charged with a retractable USB cable supplied with the kit.

Weight 70 g

Powermonkey eXplorer

Compatible with the majority of mobile phones, iPods, iPhone 3GS/4, MP3 / MP4, PDAs and portable games consoles including the Sony PSP and Nintendo DS & DS-Lite, Powermonkey eXplorer is a portable charger that gives 96 hours of standby on a mobile, 40 hours on an iPod, 5 hours on games consoles, 48 hours on PDA and 6 hours on MP3/MP4 players. Powermonkey eXplorer can be charged via the included universal charger, via USB or with the included solar panel. The Solarmonkey solar panel draws power from the sun and converts it into handy power. Powermonkey eXplorers feature state-of-the-art MPPT (Maximum Power Point Tracking) technology which enables more efficient charging of the battery unit in low light conditions. Tip adaptors included for most handheld phones and gadgets.

Weight 165 g

Powermonkey extreme

The Powermonkey extreme houses a massive 9000mAh capacity Lithium Polymer battery and offers users real power in a compact, durable shell. The unit is capable of recharging most 5V devices up to 6 times. The Powermonkey extreme can be recharged in three ways via the universal charger, solar panel or USB. The rugged, clam-shell design solar panel offers 3 Watt max output, allowing full recharge of the Powermonkey extreme within 15 hours in optimum light conditions. It features a solar energy detection feature which activates the incorporated state-of-the-art MPPT (maximum power point tracking) technology, allowing the solar panel to charge the Powermonkey unit more efficiently in low light conditions. Users can also simultaneously use the solar panel to charge the Powermonkey extreme while it is charging their device. A polysilicon solar panel offers photovoltaic efficiency up to 17% and features a USB output, fully supporting Apple iPhone/iPod, mobile phones and other 5V gadgets such as portable games consoles, handheld GPS systems, etc. Tip adaptors included: Nokia and mini Nokia, Retractable USB cable, Micro USB, Mini USB, Samsung G600, iPod / iPhone tip, LG Chocolate, Sony Ericsson wide connector, Female USB and DC4.0 for Sony PSP.

Weight 466 g

powertraveller
without boundaries

This whistle is catching the ear of the world. Scientifically tuned air chambers create a penetrating trill. It always responds with unrivalled power. Perfect for water rescue.

FOX40

Whistles and Boat Safety

Classic Whistle and Mini Whistle

A patented, three-chambered pea-less design that never fails to make a sharp, penetrating call or signal. Essential for outdoor activities!

Available in assorted colours.

Micro with Lanyard

This Fox40 whistle is packaged with a breakaway lanyard. The Micro whistle is true to the Fox40 tradition of innovative design and engineering excellence.

Available in assorted colours.

Sonik Blast

Advanced science and technology make the Sonik Blast CMG whistle the most efficient whistle in its class! Precise whistle chamber calibration assures pure frequency performance; less effort, crisper sound. Flawless patented pealess whistle emits distinct louder pitch without a lot of effort. The superior clear loud blast can be heard over long distances and intense ambient noise. Exceeds 120 dB!

Available in assorted colours.

Pearl

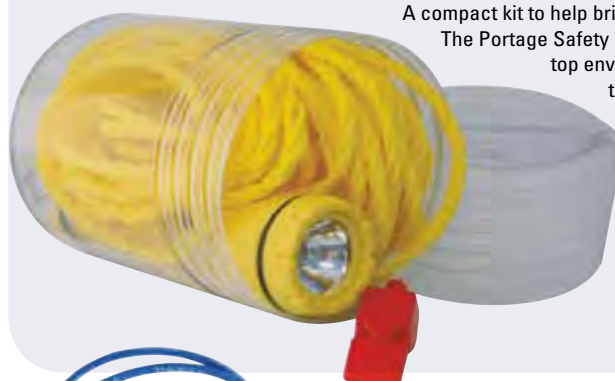

The Pearl has a two-chambered design that emits a lower tone than the Fox40 Classic. The Pearl is ideal for situations where the whistle is blown frequently, such as sporting events, and is great for kids.

Available in assorted colours.

Red Pine Outdoor Feature Product

Portage Safety Pack

A compact kit to help bring your boat, canoe or kayak up to regulation. The Portage Safety Pack fits into a clear, waterproof screw-top environmentally-friendly re-usable container that also acts as a bailer. This kit includes a waterproof Fox 40 Marine incandescent flashlight, a Fox40 pealess safety whistle, 50-ft. (15-m) woven polypropylene Fox40 Marine Water Safety line and two AA batteries.

FOX40

Breakaway Lanyard

Lanyards release with tension. Includes J-hook and button-style spring-loaded adjustable cord lock.

Available in assorted colours.

Guardian/Whistle Combo

Combines the lightest, toughest light in its class with a Fox40 pea-less whistle. The blinking LED can be seen from over a kilometre away. Clip one to your PFD for extra peace of mind. Be seen, be heard!

Available in assorted colours.

Sharx

A two-chamber, pealess design whistle developed specifically for the outdoor, rescue and paddle sports industries. Emits an authoritative 125 dB sound, which can be heard for miles over ambient noise.

Available in assorted colours.

Boat Safety Kit

One kit that contains all boat safety needs: a Fox40 pealess Classic Whistle, an easy-grip low profile 2-L bailing bucket, a 15-m safety throw line, a water resistant floating flashlight with a non-slip grip and a reflective safety mirrored lid in a compact package.

Sails

WINDPADDLE

Adventure Sail

The Adventure Sail is a self-launching, free-standing sail for kayaks, canoes, sit-on-tops, paddle boards, and other small watercraft. A continuous steering line allows the paddler easy control while keeping their paddle in hand. Weighing only 370 g, the WindPaddle Adventure stows on deck in a small folded coil 1/8th its deployed size.

*Available in assorted colours.
Weight 370 g / Sail area 0.8937 m²*

Cruiser Sail

Responding to the needs of canoeists and tandem boaters, Windpaddle has designed the Cruiser Sail, which keeps all of the lightweight ease-of-use features of the Adventure Sail but with 50% more sail for heavier boats.

*Available in assorted colours.
Weight 624 g / Sail area 1.589 m²*

Fuel 4

This headlamp's LEDs throw out lots of light while giving up to 146 hours of battery life. A simple push button switches the four Ultrabright LEDs to give you four light settings—high, high/flash, medium and low. On the high setting the bright light reaches out over 20 metres. Three AAA alkaline batteries (included) are quickly inserted in the clip-lock, water resistant battery housing.

Weight only 80 g with batteries

Quad

Powered by 4 regulated ultrabright LEDs, this headlamp delivers constant brightness on all modes in an ultralight waterproof housing. Includes a wide beam. Requiring three AAA alkaline batteries (included), it has a burn time of 150 hours. It will survive severe impacts and water submersions to one metre using lithium AAA batteries.

Weight 96 g with batteries (included)

AMP 1.0

This lightweight flashlight has a 3-hour burn time and features a 14 Lumens Xenon bulb. Waterproof to 100 metres.

Weight 57 g with batteries (included)

Red Pine Outdoor Feature Product

Byte

Don't be fooled by its size. Although smaller and lighter than its big brothers Fuel and Remix, Byte is capable of packing a powerful punch thanks to a Maxbright LED. The softer side of Byte comes in the form of a red Ultrabright LED to ensure your night vision will never be compromised. As with the rest of the family, Byte is equipped with an asymmetrical single-arm bracket, easily accessible battery door enclosure, and large push-button switch, all at a mere 64 grams.

Weight only 64 g with batteries

Remix Headlamp

A four-LED headlamp. Three 5-watt LEDs (30 lumens, 150-hr. run time) and one MaxBright Rebel LED (42 lumens, 100-hr. run time). Both light sets have a high and low mode, controlled by a glove-friendly power/mode button. Ratcheting angle adjustment. Three AAA alkaline batteries are included.

Weight 93 g with batteries (included)

Amp 3.0

This flashlight offers an intense 40 Lumens of white light with 4 LEDs in a compact package with a regulated circuit that provides 90 hours of light (total burn time). Includes 4 AAA batteries. Waterproof down to one metre for up to 30 minutes.

Weight 122 g with batteries (included)

Apex

A 3-Watt maxbright LED headlamp, 4 ultrabright LEDs and a battery power meter LED. It has 4 light levels and a safety flasher. Waterproof to one metre, this headlamp also has heat sink technology to prevent overheating. Four AA batteries are included. Wide beam and spotlight features.

Weight 279 g with batteries (included)

Headwear

ZANheadgear

ZANheadgear is a global leader in the performance headwear industry, continuously manufacturing fresh, innovative and unique products. Fleece items are made from 100% polyester polar fleece and are wind and water resistant.

Microfleece and Neoprene Helmet Liner

Densely constructed to keep out wind and wet. Low-profile design fits most head shapes comfortably, while providing some degree of give when worn under full-face helmet styles. Neoprene ear region keeps helmet liner in place. Nylon binding around ear area provides a clean, tailored look and prevents fabric fraying.

Available in black. One size fits most.

Microfleece Balaclava with Zipper

Designed for easy on/easy off during cold weather activities. Zipper allows control over how much of head and face area are covered. Smooth seams and soft microfleece combine to resist wind and water penetration. Elasticized binding around face, wind flap behind zipper lessens draft and skin or hair snags.

Available in black. One size fits most.

Windbreaker NEOdanna

A comfortable, warm and durable Neoprene face mask, integrated with fleece-lined windbreaker material for extra wind protection. Easily adjusts with hook and loop closure.

Available in black. One size fits most.

Half-Face Microfleece Face Mask

Warm, comfortable and ideal for all outdoor cold weather activities. Wear while skiing, snowboarding and more. 100% polyester.

Available in black. One size fits most.

Neoprene Extension Piece

A neoprene extension piece that can be used on any headwear item with hook and loop closure system—adds up to 2 extra inches.

Neoprene Face Mask

Full coverage of face and ears. Stretchy neoprene material is warm and water resistant. Lined with black stretch nylon trim. Hook and loop closure ensures great fit with goggles and with or without helmet.

Available in black. One size fits most.

Neoprene 3-Panel Half Mask

Features full coverage of the nose, chin and cheeks, with partial ear and neck coverage. The 3-panel design guarantees an extra comfortable fit against the face. Stretchy neoprene is warm and water resistant. Hook and loop closure.

Available in black. One size fits most.

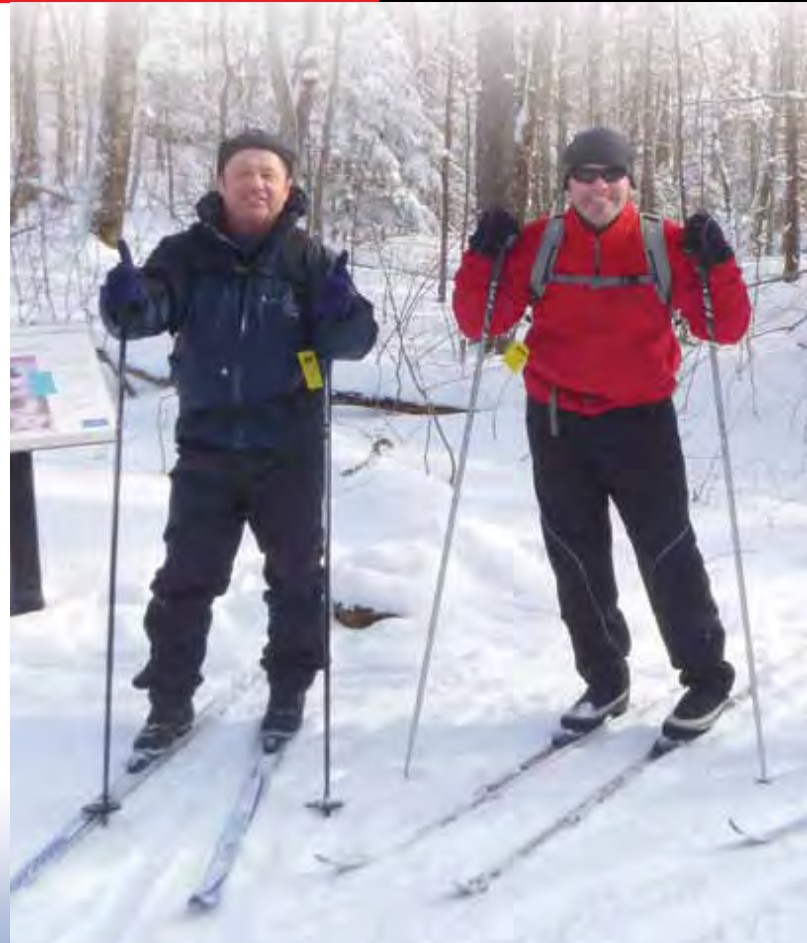

Motley Tube

Fleece/Spandex construction makes the Motley Tube a versatile headwear accessory that can be worn many different ways to protect from the weather and elements. This tube is durable and wicks away moisture for extra comfort from the cold. Can be worn as a headband, neck warmer, face mask, hood and more.

Available in black. One size fits most.

**Weather Devices,
GPS, Optics**

BRUNTON

Brunton's engineering technology is designed to create products that are not only reliable and of the highest quality, but are rugged enough to last many years.

Red Pine Outdoor Feature Product

ADC Summit

Atmospheric Data Centre displays current barometric pressure. Features storm, density, altitude, and wind chill alarms. Predicts weather for the coming twelve hours, shows current temperature and wind speeds. Includes a real-time clock, altimeter, race timer and time, day and date display.

Weight 110 g

Pocket Monocular

A compact, pocket-sized optical, weighing less than 57 g. This scope has 7-power magnification, 18-mm objective diameter, 33-cm near focus and a field of view of 181 feet at 1000 yards. Lanyard and nylon case included.

Dimensions 3.18 x 8.26 cm

Nomad V2 Pro

The new Nomad Pro is the ultimate weather centre/digital navigator. This digital dynamo offers weather information like altitude and barometric pressure. Add compass bearings, direction readings and adjustable declination to the mix and you've got a powerful tool no larger than a traditional compass. You'll get up to the minute temperature readings, a time and date display and two daily alarms.

Weight 105 g

ADC Wind

Atmospheric Data Centre displays wind speeds (in km/h, mph, feet/s, m/s or in knots), shows current temperature, wind chill, time, day and date. Includes race timer and real time clock. Manual and automatic data logging.

Weight 55 g

Lite Tech Waterproof Pocket Monocular 8 x 22

High quality BaK-4 optical glass results in awesome clarity. Multi coated lenses for crisp, clear viewing, no distortions or glare. The eye cup folds down to make use easier while wearing glasses. Lanyard and nylon case included.

Weight 57 g / Dimensions 3.2 x 9.21 cm / Field of view 181 feet at 1000 yards

Glacier 49 Headlamp

This high output (24 lumens), sleek designed headlamp uses one AA battery but has a five-hour burn time on high mode! It has three brightness settings and an international SOS flash mode. A power lock out mode prevents the headlamp from being accidentally turned on. 1 AAA battery included.

Glacier 69 Headlamp

Has a precision dimming mode to allow dialling in of the exact power beam required. Powered by 3 AAA batteries, the Glacier 69 puts out 30 lumens of light on high mode. Burn time is 80 hours on high mode. An ultra efficient green light mode is easier on the eyes of your campmates than standard red LEDs. An on-board battery life indicator lets you know when power is getting low and the power lock-out mode prevents accidental power drain. 3 AAA batteries are included.

Get Back Mini GPS

The Get Back quickly shows the way back to your starting point by the shortest, most direct route. Instead of retracing your steps at the end of a long day, you can head straight home, as the crow flies, always on course. Points directly back to any of three points, adjusting direction as you move, showing the route by arrow and the distance in miles or kilometres. Can also be used as a digital compass, with or without satellite coverage. Feel comfortable no matter where the trail takes you. Includes a rechargeable battery.

Weight 37 g

Double-Back Lights

Possibly the most versatile light you can carry and a must-have on every trip. Flexible straps wrap around bike seat post or handlebars, tent poles, tree limbs, trekking staff, backpack D-rings—virtually anywhere you need light for illumination, signalling or emergencies. Twin LED bulbs provide steady or flashing illumination up to 80 hours. 2 CR2025 batteries are included.

Weight 20 g

**10B Compass**

No frills. No fuss. A reliable baseplate compass. Features tool-free adjustable declination, two-degree resolution and a lanyard.

20B Compass

Perfecting past Brunton innovations like tool-free declination, and the revolutionary Eclipse "circle over circle" alignment system. Features two-degree resolution and a lanyard.

**30B Compass**

Brunton has decided to set a new standard in compass design. The 30B has tool-free declination adjustment, two-degree resolution, an extra long straight edge, map magnifier, interchangeable scale cards and a lanyard.

40B Compass

Building on the 8096 Adventure Racing Compass the 40B boasts the "circle over circle" alignment system and UTM roamer scales to take it to the next level. Includes a latitude, longitude and UTM template. Features one-degree resolution and a lanyard.

**50M Compass**

A mirrored compass with tool-free declination, on-the-map Meridian lines, two-degree resolution, mid-hinged sighting mirror, clinometer and a lanyard.

60M Compass

The 60M has an extra long straight edge, reversible slide scale, and interchangeable scale cards. It is a mirrored compass with tool-free declination, on-the-map Meridian lines, two-degree resolution, mid-hinged sighting mirror, clinometer and a lanyard.

**70M Compass**

The 70M has an extra long straight edge, reversible slide scale and interchangeable scale cards. This mirrored compass has tool-free declination, on-the-map Meridian lines, magnified read out for 1-degree accuracy, a three-clinometer system, one-degree resolution and a lanyard.

**15TDCL Nexus Elite Compass**

Probably the most famous compass in the world, this is the original model 15 mirrored map compass. It is declination adjustable, has luminous points and a clinometer.

8010G Classic Map Compass

A Brunton classic, this compass offers easy map navigation, thanks to an optic green base plate and tool-free declination adjustment. Luminous points and a magnifier are built into the 8010G.

**26DNL Nexus Pioneer Compass**

A mirrored sighting compass. Includes a declination scale and measurement scales in inches and millimetres. The 26DNL floats.

7DNL Nexus Star Compass

A best seller! A great base plate map compass for any adventure. It includes a declination scale, and inch and millimetre scales on the base plate.

**58-Kayak Compass**

Direct reading disk, ten-degree graduations and elastic strap mounts for easy attachment to boat decks.

Weight 114 g / Dimensions 8.6 x 8.6 x 5 cm

70P Boat Compass

Fixed-mount compass will fit flush in the bulkhead of your boat for the long-haul. Direct reading disk. Five-degree graduations. Reciprocal bearing.

Weight 235 g / Dimensions 10 x 7.6 x 7.6 cm

Stoves

PRIMUS

Red Pine Outdoor Feature Product

EtaPower EF

EtaPower is one of the most fuel-efficient stoves in the world. The stove's high efficiency rate allows for fast boiling times, less fuel consumption, a lower total weight and all in all a more environmentally friendly stove. The stove comes with a burner stand, a 2.1-L EtaPower pot with heat exchanger, frying pan, handle and a bag that can even be used to insulate the pot.

Weight 830 g / Output 2000 W / Boiling time 2.5 min.

Profile Stove

For demanding outdoor chefs! The Profile stove can easily be folded and is equipped with a lock and carrying handle. There is room for large pots and frying pans on two separate adjustable flames. It has an effective wind shield and comes with a hose and connector for 16 oz. propane bottles. Piezoelectric for easy lighting.

Weight 5.3 kg / Dimensions 590 x 100 x 320 mm / Output 2 x 3360 W / Boiling Time 3 min.

Fuel Bottles

Ultra-light fuel bottle made of seamless extruded aluminum and lacquered inside to provide the bottle better protection. The connection threads are standard and suitable for most common pump stoves that burn liquid fuels.

Available in 0.6-L or 1-L sizes

Powergas

230-g Powergas, 4-season propane/isobutane/butane blend with international Lindal valve.

Available in cases of 24

EtaPacklite

EtaPacklite is a stove that really deserves its name—it is extremely small and easily collapsible. The stove consists of a base with a burner and piezo igniter, windscreen, a 1.2-litre pot and a lid, which can also serve as a colander with its bayonet fastening. All the components can be packed into the pot, leaving room for a 100-g LP gas cartridge. Primus' fuel-efficient burner and the EtaPower pot cut down on weight in your pack by cutting down on fuel. To protect the non-stick coating, a graded bowl made of hygienic, environmentally friendly polypropylene is included. The bowl also makes an excellent serving bowl.

Weight 596 g / Output 2000 W / Boiling time 2.5 min.

EtaExpress

A compact stove for the solo trip! EtaExpress includes a stove that mounts directly on the LP gas cartridge, a windscreen for maximum fuel savings and even a 1-L pot. The lid can also be used as a frying pan. Both the pot and the frying pan are coated on the inside with a three-layer titanium non-stick surface. All of the components, as well as a 230-g LP gas cartridge, can be packed into the pot. For the best fuel economy, turn the throttle approx. ¾ open.

Weight 418 g / Output 2400 W / Boiling time 2.5 min.

EtaPower MF

The EtaPower MF is based on the award-winning EtaPower EF, but it has been refined with a perfectly adjusted preheating coil, an improved burner and a number of smaller changes from its predecessor. This allows the stove to be used with both LP gas and liquid fuels, such as white gas, gasoline/petrol, kerosene/paraffin, and if necessary even diesel. This in turn leads to even lower fuel consumption and a lower overall weight during hikes, paddling tours and expeditions. The stove comes with a burner base, windscreen, a 2.1-L EtaPower pot with heat exchanger, frying pan, handle, ErgoPump, 0.35-L fuel bottle, multi-tool and a storage bag that can even be used to insulate the pot.

Weight 932 g / Output 1500–2000 W / 7150 BTU/h / Boiling time 4.5 min.

Express Stove

The Express stove has a unique combination of low weight and durability. The fact that it can handle really large pots at a low weight of just 82 g is excellent proof of the stove's capacity. A natural choice for people who need a durable stove in the wilderness. Comes with a nylon storage bag. Includes a piezo igniter.

Weight 82 g / Boiling time 3.15 min.

ClassicTrail

The ClassicTrail is a simple, durable and classic outdoor stove for those who wish to enjoy good food in the great outdoors. A robust design and a great value. The crosswise pot support acts as a built-in windscreen that makes cooking both fast and reliable. Comes with a nylon bag.

Weight 227 g / Boiling time 3 min.

PRIMUS – HEATMAX

Vacuum Bottles and Warmers

Ignition Steel

The optimal way to start a fire or light your stove in all weather conditions. Ignition Steel generates sparks of about 3000° C. Can be used thousands of times. Available in small, medium and large sizes.

Small 22 x 67 mm, weight 22 g / Medium 24 x 78 mm, weight 26 g / Large 24 x 100 mm, weight 50 g

Coffee/Tea Press

Fits the EtaExpress, EtaPower Pot (1-litre size) and LiTech Trek Kettle. Delicious coffee on the trail!

Weight 65 g / Dimensions 130 x 120 mm

LiTech Trek Kettle

A one-litre ultra-light saucepan and frying pan made of hard-anodized aluminum with a multi-layer titanium non-stick surface on the inside. Folding handles and room for one LP gas cartridge. Comes in a practical mesh stuff sack.

Weight 255 g / Dimensions 115 x 127 mm

Lunch Jug

A light, compact and portable double-walled vacuum jug in stainless steel with a leak-proof lid. The Lunch Jug has a wide mouth, which makes it easy to fill and clean. Perfect for your food, drink or soup.

Weight 314 g / Dimensions 85 x 175 mm
Volume 0.5 L

Stainless Steel Commuter Mug

Stainless steel vacuum insulated mug that holds 0.4 L of your favourite beverage. The mug will keep your beverage cold or hot when you are on the go. Silicone seals ensure no spills. Just click to open and click to seal with one simple button. Fits in most car cup holders.

Weight 350 g / Dimensions 81 x 197 mm
Volume 0.4 L

C & H Vacuum Bottles

Double-walled vacuum bottles made of durable stainless steel. They offer excellent insulation qualities and low weight. An extra stopper is included with each bottle.

Available in 0.25-L, 0.35-L, 0.5-L, 0.75-L and 1-L sizes

HEATMAX

HotHands Hand Warmers

HotHands Hand Warmers are rectangular shaped single-use air-activated heat packs that provide up to 10 hours of continuous warmth for the hands. Ready to use, air-activated, safe, natural heat. One pair per package. Made in USA.

Hammocks, Chairs and Cots

BYER OF MAINE

Time for a siesta? Relax in a Byer of Maine hammock.

Red Pine Outdoor Feature Product

TriLite Wash Station

This wash station provides a large cleaning station for your camp kitchen. It includes wash, rinse and mesh drain cavities as well as a handy pouch on the outside for a brush, sponge or silverware. The wash station breaks down into a handy nylon storage bag, for easy packing and hiking. A seat sling is included so you can sit down on the wash station when the dishes are done!

Weight 1.3 kg / Dimensions when set up 24 x 49.5 x 57.2 cm / Packed 7.6 x 10 x 44.5 cm

TriLite Folding Stool

Made from aircraft aluminum, it weighs in at only 595 g, yet supports a hefty 91 kg. This stool features a full width canvas seat and folds to fit in the palm of your hand. A drawstring storage bag is provided.

Weight 595.34 g / Open dimensions 20.32 x 42.55 x 43.18 cm / Weight limit 200 lbs / 90.72 kg

Traveller Lite Hammock

Made of extremely strong and durable parachute nylon, the Traveller is nearly as large as a queen sized bed, yet weighs only 312 g and fits into a bag measuring 20 x 10 cm. Perfect for hiking or when packing space is tight.

Dimensions 137 x 274 cm / Weight limit 113 kg

Paradiso

Larger than the Barbados, the Paradiso is the crown jewel in the hammock line. Made in Brazil from 100% cotton, this hammock will stretch and conform for exquisite comfort. The Paradiso has room for the whole family and maybe the dog as well. The rich, warm, hand-crafted colours will provide you and your family with endless days of fun and relaxation.

Flat dimensions 172 x 256 cm / Weight limit 180 kg

Barbados

Perfect for one, cozy for two. The Barbados is made from carefully chosen raw cotton. Comes complete with a matching cotton storage bag.

Weight 2.3 kg / Flat dimensions 147 x 226 cm / Weight limit 150 kg

Moskito Traveller Hammock

Building on the great success of the Traveller Hammock, the Moskito Traveler offers a fine mesh cocoon of mosquito protection in addition to the nylon hammock.

Weight 453 g / Flat dimensions 137 x 274 cm / Weight limit 113 kg

TriLite Cot

The TriLite Cot is a lightweight cot designed to be packed and brought with you wherever you may go. Perfect for hiking, car camping, RVs, motorcycle touring. It offers a full sleep surface of 188 cm long by 63.5 cm wide, that folds down to a mere 64 x 7.6 x 20 cm and fits into its rip-stop polyester travel bag.

Weight 3.2 kg / Weight Limit 115 kg

Micro Rope

Can be used to hang a hammock from any tree, porch rail or other sturdy point. Easy to install and each provides 1.5 m of adjustment. Slide made of aircraft aluminum. Two per pkg.

By focusing research and design energies, GSI has become the leading edge developer of unique and specialized cookware products for the outdoors.

GSI OUTDOORS

Cookware

Pinnacle Dualist

A crushproof lid prevents deformation of your pot/lid and includes an integrated strainer. Convenient folding handle locks into place for cooking and secures entire set for transport. The welded stuff sack holds set while traveling and doubles as a sink or wash basin in camp. Non-stick coated, hard anodized alloy.

Includes a 1.8-L Pot, Strainer Lid, two 521-mL insulated mugs, two 521-mL bowls, two Sip-It lids, two Telescoping Foons, Stove Bag and Welded Sink. Weight 588 g / Dimensions 14.99 x 16.26 cm

Halulite Minimalist

The ultralight design of the Halulite Minimalist integrates everything needed for hot meals and drinks in an amazingly small footprint. The unique 0.6-L pot and lid convert to insulated mug simply by inverting the lid and slipping the pot into its included sleeve.

Includes a 0.6-L Pot/Mug, Sip-It lid, Insulated Sleeve, Pot Gripper and Telescoping Foon. Weight 177 g / Dimensions 10.67 x 11.68 cm

Pinnacle Soloist

Dual-use lid made of BPA-Free resin prevents deformation of your pot/lid while serving as a Sip-It lid or integrated strainer. Convenient folding handle locks into place for cooking and secures entire set for transport. Unique mug/bowl solution with low center of gravity and Sip-It virtually eliminates spills while the integrated insulating sleeve keeps your drinks hot. Ingenious, welded stuff sack holds set while traveling and doubles as a sink or wash basin in camp.

Includes a 1.1-L Pot, Strainer/Sip-It lid, 414-mL mug/bowl, Stove Bag, Welded Sink and one Telescoping Foon. Weight 305 g / Dimensions 12.7 x 13.72 x 13.97 cm

Pinnacle Hiker

This non-stick coated, hard anodized aluminum set has an amazingly compact design built for the needs of two hikers who are concerned with weight. Modular design can be extended to meet any gourmet camping needs. Colour-coded items made of Infinity clear polypropylene provide personalized tableware settings. Exclusive folding gripper locks on to exterior brackets to prevent scratching and to provide a secure handle while cooking. Unique design compacts for nested storage. Crushproof strainer lid made of BPA-Free resin prevents deformation of your pot/lid and works with either the pot or the fry pan. Mesh stuff sack keeps set organized.

Includes a 2-L Pot, Strainer Lid, two 400-mL insulated mugs, two 400-mL bowls, two Sip-It lids, Folding Pot Gripper and Stuff Sack. Weight 615 g / Dimensions 20.83 x 13.72 cm

Bugaboo Frypans

Bugaboo cookware's dependable, aluminum pan with non-stick coating, even-heating surface and lightweight epitomize value and versatility. Spiral-turned base grips stoves and grills securely.

Available in 8-in. and 10-in. sizes.

Collapsible Fairshare Mug

The collapsible silicone bellows design expands from a pack-friendly 4.3-cm height to a generous 650-mL capacity! A folding handle extends and locks in two positions, one for eating and drinking and one for use as a scoop and a measuring cup. The sure sealing lid keeps your meals in and the outdoors out.

Available in green and blue.
Weight 198 g

Personal JavaPress

Separate carafe and mug eliminates the over-brewing and muddy coffee produced by most personal French Press coffee makers. Patented split-ring plunger virtually eliminates coffee "blow-by" for robust, mud-free coffee. Ingenious design nests together for extremely compact footprint. Insulating EVA sleeves remove easily for cleaning. Made of Co-polyester.

Includes 591-mL Carafe w/Lid, Insulating Sleeve, Patented Plunger Mechanism, 502-mL Mug, Insulating wrap and Sip-It lid. Weight 304 g / Dimensions 10.9 x 10.67 x 15.49 cm

JavaPress 30 oz.

Patented split-ring plunger virtually eliminates coffee "blow-by" for robust, mud-free coffee. Double-wall, insulated lid holds in temperature while brewing and serving. Insulating EVA sleeve with webbing handle removes easily for cleaning. Crystal-clear 887-mL carafe is made of BPA-Free resin.

Weight 291 g

Coffee Percolators

Quality crafted percolators made of marine grade stainless steel with heat resistant silicone handles.

Available in 3-cup, 6-cup, 9-cup and 12-cup sizes.

Javagrind

It is easy to have fresh coffee in the backcountry. Just fill the BPA-Free grinder with beans, close the lid and grind away. The Javagrind features a knock-down handle and adjustable ceramic grinder.

Weight 318 g

Stainless Steel JavaPress

Steep great coffee and tea. The double-wall thermal design keeps the water hot.

Holds 1 L

H₂JO Coffee Filter

The H2JO coffee filter is a water bottle coffee/tea maker. Made from stainless steel and polyethylene, it fits most standard wide-mouth water bottles and keeps grounds separate for easy cleanup. Make coffee with the infuser or the "cowboy" method.

Weight 52 g

Ultralight JavaDrip

Collapsing design folds nearly flat to nest under a standard fuel canister. Entire assembly weighs less than 1/2 oz. Sturdy legs clip to the rim of most mugs to suspend drip cone above brewed coffee, eliminating that muddy, bitter, over-brewed taste. Compatible with standard #2 or #4 paper filters. Cup not included.

Weight 12 g / Dimensions 107 x 13 mm

Collapsible Java Drip

The collapsible drip cone holds #4 filter to brew up to 12 cups of coffee. Sturdy, silicone bellows design collapses to become a 2.54-cm high, 14.22-cm diameter disc. Unique flanged design helps center drip cone over mugs, cups and wide-mouth bottles for stable, spill-free brewing. Lid doubles as a trivet after brewing.

Weight 137 g / Dimensions 14.22 x 13.97 x 2.54 cm

Java Drip 30 oz.

Its unique drip cone locks to lid while brewing and collapses to nest within carafe for storage and transport. Double-wall, insulated lid holds in temperature while brewing and serving. Insulating EVA sleeve with webbing handle removes easily for cleaning. Crystal-clear carafe is made of BPA-Free resin.

Includes 887-mL Carafe w/Lid, insulating sleeve, #4 drip cone, and #4 reusable cloth filters. Weight 408 g / Dimensions 115 x 107 x 178 mm

Salt and Pepper Shaker

A waterproof "top and bottom" style shaker. BPA-Free.

Cookware

GSi OUTDOORS

Fairshare Mugs

Make sure to get your fair share of coffee or chow around the next campfire! These light-weight, virtually indestructible BPA-Free 1-L mugs feature a sure sealing threaded lid for packing or insulation and are oversized for easy cleaning. Use as a mug or a bowl!

Available in red, blue and green.

Weight 213 g

Spice Missile

Waterproof caps and shaker modules screw together to keep spices fresh and dry. Twin compartment shakers include single-sided dispensing screens which twist into position and remove easily for cleaning. Convenient filler cap stores below the base and makes it easy to refill any of the compartments. Modular construction allows compartments to be added on indefinitely.

Peppermill

Add fresh pepper to trail meals. An adjustable stainless steel mechanism grinds pepper perfectly every time. Virtually indestructible construction moulded from BPA-Free co-polyester into an easy-filling, compact design. Ideal for camp or kitchen.

Dimensions 33 x 74 mm

Gourmet Nesting Mug + Bowl

EVA foam insulated sleeve and Sip-It top keep your beverages hot and prevent spills. Dual-port Sip-It lid and compact shape for comfortable left or right hand use. Nesting mug + bowl solution occupies very little space and nests with other nFORM gourmet items. Includes 400-mL cup, 400-mL bowl, Insulated sleeve and Sip-It lid.

Available in red. Weight 97 g / Dimensions 112 x 104 x 82 mm

Nesting Mug + Bowl

Low profile/low center of gravity design and Sip-It lid work to virtually eliminate spills. EVA foam insulated sleeve and Sip-It lid keep drinks hot. Unique bowl plus mug solution provides integrated nesting for fuel canisters and nests within the Pinnacle or ultralight Dualist Cook System. Cascadian polypropylene, the recyclable, inexpensive answer to all your outdoor dining needs. This lightweight, flexible material is easy to pack, stack and carry. Each piece is made of high-grade 18/8 stainless steel and built to last for years to come.

Halulite 3-Piece Cutlery Set

As light as Titanium, Halulite is a proprietary alloy that is hard anodized to create a surface that withstands scratches and abrasions like nothing else. It's ultra light without the sacrifices. Now that's smart!

Compact Pot Scraper

Lightweight, dual-sided pot scraper with a soft rubber blade.

Kitchen 11

Attractive outer case made of closed cell foam keeps everything organized. Includes stainless whisk, stainless grater, telescoping spatula, telescoping spoon, salt and pepper shaker, scrubby sponge, camp towel, cutting board and 2 squeeze bottles in an EVA case.

Weight 798 g / Dimensions 30.5 x 20.4 x 5.9 cm

Dutch Ovens

Versatile ovens for stewing, boiling, steaming and baking. The aluminum Dutch Ovens will not rust, are easy to clean and are 1/3 the weight of traditional cast iron Dutch ovens. Can be used over campfire coals or a camp stove. Wire racks are available.

Available in 10-in. and 12-in. sizes.

Crossover Kitchen Kit

Completely integrated kitchen set has handy utensils for any backcountry trip. A lightweight tote keeps everything organized and nests within the cook-sets. Pivoting tools rotate from stored to working position. Waterproof shaker modules screw together to keep spices dry and flavourful. Includes a Compact Scraper, Scrubby Pad, Cutting Board, Pivot Tongs, Pivot Spoon, Pivot Spatula, Spicer, Soap Bottle, Oil Bottle, Camp Towel and Tote.

Weight 400 g

Radiant Toaster

Hand-held radiant steel toaster with folding handle. A fine steel mesh distributes heat while securing toast and reducing overall weight.

Weight only 165 g

Gourmet Backpack Kitchen Set

Includes a salt and pepper shaker, a spoon and spatula that shrink down for compact storage and are safe to use on non-stick cookware, a stainless grater and a whisk. A scrubby sponge and camp towel are included for quick and easy cleanup as well as a mesh bag for storage.

Weight 180 g / Dimensions 191 x 122 x 56 mm

Ultralight Cutting Board

Robust, 2.4-mm-thick polyethylene cutting and food prep surface offers greater stability and lasting durability. Two-sided design with meat and vegetable icons helps to prevent cross-contamination. Integrated gutter helps to contain juices.

Weight 210 g / Dimensions 40.13 x 23.11 x 0.5 cm

Cathole Trowel

Made from repurposed Lexan products! Serrated edges make for easy digging, even in the most stubborn soil. 1% of sales supports Leave No Trace.

Weight only 88 g / Size 26.2 x 6.6 x 2.6 cm

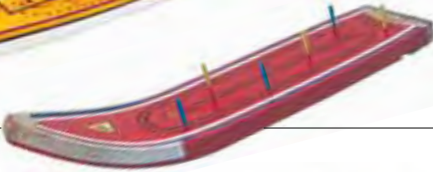

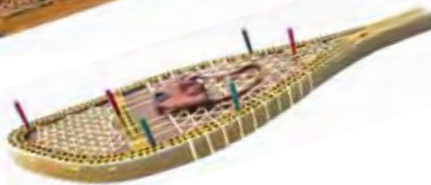

Red Pine Outdoor Feature Product

Cribbage Boards

Made of detailed hand-painted resin. A compartment on the bottom of the board holds the pegs when not in use. Indoor fun for outdoor enthusiasts!

Available in Canoe, Kayak, Snowboard, Toboggan, Snowshoe, Vintage Ski and Summit Trail styles.

Playing Cards

Plastic coated paper playing cards to use with the popular cribbage and domino boards or on their own. Packaged in a plastic travel case.

Available in Tents, Scattered Canoes and Scattered Kayak styles.

Roll-Up 5-in-1 Game Set

Includes two-sided flexible magnetic game boards and all the pieces to play chess, checkers, backgammon, snakes and ladders and ludo. All packed in a compact mesh travel bag and carabiner with the game instructions. Durable, fun and educational for use in camp, car or hotel room.

Weight 320 g

Dominoes

Made of detailed hand-painted resin. Includes one set of double-six dominoes (28 pieces). Dominoes are made of solid pine.

Roll-Up Campground Magnetic Darts

A classic dart board on one side and an outdoor game on the reverse. The flexible, magnetized surface can be unrolled and hung anywhere, a tree or a door. Includes a game board, 6 magnetic darts and a mesh travel bag with carabiner and game instructions. Safe for children. Durable, fun and educational.

Weight 539 g

TRAIL BLAZER — OUTBACK OVEN — GRILLIPUT

Saws and Hatchets,
Ovens and Cookware

TRAIL BLAZER

Trail Blazer is a Canadian based manufacturer of hatchets, saws and more, that meet any challenge, from the needs of the outdoor enthusiast to odd jobs around the home and cottage.

Sawpreme Xtreme

A compact and lightweight folding saw. Designed with a stainless steel push button that locks the blade open or closed. The handle is manufactured with glass-filled nylon for durability. Replacement blades available.

Weight 194 g / Length 23 cm closed

Take Down Buck Saw

Trail Blazer has designed a lightweight collapsible Buck Saw with a Swedish steel blade capable of cutting through 15-inch logs. The Trail Blazer collapses into a compact tube that measures only 3.55 x 48.50 cm for easy packing. A lifetime warranty backs all Trail Blazer collapsible saws. Replacement blades available.

Weight 535 g

Sawvivor Saw

Saw through logs up to 12 cm in diameter in seconds! This compact saw features an anodized aluminum frame and stainless steel parts throughout. Weighing only 268 g, it folds down to 7.62 x 38.2 cm and allows for multiple blades to be stored securely in the frame for easy carrying in a pack. Replacement blades available.

Weight 268 g / Dimensions 7.62 x 38.2 cm

Hatchets

Small enough to carry efficiently in a pack, but long enough for optimal performance. High carbon stainless steel blade, reinforced glass fibred nylon handle, with belt sheath included. Ergonomic grip and curvature of the blade provide superb balance and optimal striking power.

Ergo Weight 490 g / Overall length 33 cm

Mini Weight 386 g / Overall length 20.32 cm

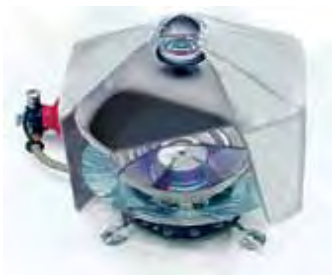

OUTBACK OVEN

Outback Oven converts a camp stove into a full-featured oven while at the same time reducing fuel consumption!

Outback Oven

Imagine cakes, breads, pies and even pizza at camp! A reflector collar reflects heat into an aluminized fabric convection dome which concentrates heat for baking. Includes a riser bar, 10-inch Pot Parka, Scorch Buster and a backcountry baking booklet in a mesh bag.

Weight 737 g

Outback Oven Ultralight

The best bet for a weight-conscious traveller. Includes an 8-inch Pot Parka, a Riser Bar, a Scorch Buster, a reflector collar, a thermometer and a backcountry baking booklet in a mesh bag. The Ultralight works with most 2-litre cooksets.

Weight 271 g

GRILLIPUT

Grilliput can be reduced to a handy size for transporting and will ensure a really great barbecue.

Grilliput

A portable grill made of rugged stainless steel. Collapses to an ultra small size to fit easily into any daypack or pocket.

Weight 544 g / Collapsed length 29 cm / Diameter 2.2 cm / Open area 23 cm x 26 cm

Outdoor Gourmet
