- Bow and stern grab handles
- Sun & saltwater resistant hull material
- Nylon carry bag, repair kit & printed instructions
- Rated for Class II rapids.

Featuring Patented
External Drop-Stitch
NeedleKnife™ Keel.

Sleek, Fast, Stable and Light - with "NeedleKnife" Keel Design!

Sea Eagle FastTrack™ Kayaks are super stable, yet very fast and super light! This unique combination of stability, speed and light weight make these kayaks an ideal choice for young, old and everyone in between.

Featuring large side tubes and state of the art "NeedleKnife" rigid molds at both the front and back of our outside high pressure Drop-Stitch keel to provide cleaner entry and exit through current, wind, waves and water. These features allow the 385ft to paddle faster and easier with greater glide in a wide variety of open water conditions.

The Sea Eagle FastTrack 385ft is perfect for big lakes, open bays, long meandering rivers and intimate salt marshes. The FastTrack 385ft is comfortable for one paddler and a lot of gear or 2 paddlers with less gear.

*All FastTrack™ Kayaks come
with Slide In Swept Back Skeg.*
