### Why it is Less Expensive for Canadian Customers to Buy from BAP Equipment Ltd instead of from the SeaEagle Website

- When SeaEagle calculate the “Estimated Canadian Grand Total” they use the **Bank Exchange Rate**
- When you purchase with your credit card you pay the **Credit Card Exchange Rate** that is usually 3% higher(+/-)
- On the date of this transaction, SeaEagle is using the bank exchange rate for the date - 1.3919(1888.00/1356.40)
- The actual Visa exchange rate for the date of this transaction is 1.4224 (this is what Visa will charge you )

**So the “Actual SeaEagle Price you pay by Visa/Mcard - \$1356.40 x 1.4224= \$1929.34Cdn\$”  
(Plus UPS will usually charge a Brokerage fee sometimes a week after the shipment is delivered)**

<b>BAP Equipment Price - 393RLK_P (Pro Kayak Package) =</b>	<b>\$1624.00Cdn\$</b>
<b>Shipping</b>	<b>75.00 Cdn\$</b>
<b>Tax (5%)</b>	<b>84.95 Cdn\$</b>
<b>Total Price</b>	<b>\$1783.95 Cdn\$</b>

**On this Order you would save \$145.39 buying from BAP Equipment Ltd**
