

Sport Runabout 12.6sr

- ### Standard Features
- NMMA & CE Certified
 - Smooth rounded hull shape for less drag and more efficient motoring
 - Wide beam hull design for stability and added capacity
 - Patented (U.S. Patent #8,286,573 2) outside Drop-Stitch inflatable keel for smoother ride, super precise steering and faster planing
 - Choice of maintenance free plastic floorboards for best structural rigidity and best motoring performance or high pressure super strong Drop-Stitch floors for easiest assembly and lightest weight
 - Hefty 3/8" grab line running through brass grommets for passengers to grab onto anywhere & a line of double layer of fabric hogging on sides for safety

Dive Boat, Ski Boat, Fishing Platform, Large Tender & Family Go Boat!

This has traditionally been our most popular transom boat size. Probably for good reason. It can hold up to 6 people if it has to, although it is more comfortable for 4 and gear.

Large enough to take up to a 30hp engine and pull a skier or a tow-able, capable of motoring miles and miles without filling up, economical to run and easy to tow, trailer or cartop, the 12.6sr offers the boater a wide variety of options and looks great while doing any of them.

A word here about motors. Most outboard motors over 20 hp generally weigh way over 100 lbs. So, if you want a motor you can tote by yourself, we suggest 20 hp & below.

- Rounded rear pontoons for rapid planing
- Splash guards on transom to prevent water coming back into the boat
- Two large, heavy duty stainless steel D-Rings for easy towing
- Four side carry handles & front lifting handle for easy lifting
- Oars clasp firmly to hull and oarlocks pop up for instant use

- Rubbing strake around hull and under Keel for extra protection
- Two layers of material on lower tubes for greatest abrasion and puncture resistance
- Easy open or shut self bailing drain valve located inside of boat for easy access
- Nylon carry bag, repair kit & printed instructions

Exterior: 12'6" x 5'5"
Interior: 8'6" x 2'8"

- Hull Weight:** 94 lbs. Hull, 117 lbs w/Drop-Stitch Floor 151 lbs w/ Polyethylene Floor
- Hull Material:** 1000 Denier Reinforced
- Tubes:** 18" Diameter
- Inflation:** 20-30 Minutes
- Weight Capacity:** 6 Persons or 1600 lbs.
- Motor Capacity:** 20 hp w/Drop-Stitch Floor & 30 hp w/ Polyethylene Floor, 150 lb. Max Weight, 15" Shaft

Deflated Hull Size: 46" x 26" x 12" (Hull)
40" x 32" x 4" (Floorboards)

Shown with Drop-Stitch Floor

Swivel Seat Package

- 12.6sr Hull w/Boat Bag
- Polyethylene Floorboards Or, 6" High Pressure Inflatable Drop-Stitch Floor
- One Aluminum Bench Seat
- One AB255 Collapsible Oar Set
- One Bow Bag
- One Auto Dual Action Piston Pump (w/Drop-Stitch Floor) Or Foot Pump with Polyethylene Floor
- One Swivel Seat Kit

Deluxe Package

- 12.6sr Hull w/Boat Bag
- Polyethylene Floorboards Or, 6" High Pressure Inflatable Drop-Stitch Floor
- One Aluminum Bench Seat
- One AB255 Collapsible Oar Set
- One Bow Bag
- One Auto Dual Action Piston Pump (w/Drop-Stitch Floor) Or Foot Pump with Polyethylene Floor

Shown with Polyethylene Floorboards
